CONTENTS

[2005/189](#) - Index of the EPPO Reporting Service

EPPO Reporting Service

2005/189 Index of the EPPO Reporting Service

The following index covers all Reporting Service articles published in 2005. This index is also available as an Excel file from the EPPO Web site:

http://archives.eppo.org/EPPOReporting/Reporting_Archives.htm

Absence

- 2005/021 - *Toxoptera citricida* does not occur in Iran
- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List
- 2005/050 - Details on quarantine pests in Spain: 2004 situation
- 2005/070 - Survey on nematodes associated with *Pinus* trees in Spain: absence of *Bursaphelenchus xylophilus*
- 2005/071 - Studies on *Bursaphelenchus* species in Lithuania
- 2005/072 - Surveys on *Bursaphelenchus xylophilus*, *Monilinia fructicola*, *Phytophthora ramorum* and *Pepino mosaic potexvirus* in Emilia-Romagna, Italy
- 2005/073 - *Aphelenchoides besseyi* does not occur in Slovakia
- 2005/074 - Pests absent in Slovakia
- 2005/088 - 2004 survey on *Bursaphelenchus xylophilus* in Slovakia
- 2005/098 - Surveys on pine nematodes in Slovenia: absence of *Bursaphelenchus xylophilus*
- 2005/158 - *Phytophthora ramorum* is not present in Austria
- 2005/159 - Recent information on *Phytophthora ramorum* in Europe

Acer negundo

- 2005/154 - Neophytes in Austria: habitat preferences and ecological effects

Acrogonia citrina

- 2005/007 - Review paper on *Xylella fastidiosa* and its vectors

Action List

- 2005/139 - New EPPO Action List
- 2005/140 - Recent additions to the EPPO Action List

Agrilus planipennis

- 2005/179 - Latest surveys on *Agrilus planipennis* in Ontario (Canada)

Ailanthus altissima

- 2005/154 - Neophytes in Austria: habitat preferences and ecological effects

Akebia quinata

- 2005/146 - Noticeable plants in Landes and Pyrénées-Atlantiques (France) in 2004

Alert List

- 2005/005 - First report of *Lissorhoptrus oryzophilus* (rice water weevil) in Italy: Addition to the EPPO Alert List
- 2005/029 - Rapid spread of soybean rust (*Phakopsora pachyrhizi*) in the Americas: addition to the EPPO Alert List
- 2005/063 - *Xanthomonas axonopodis* pv. *allii* is a new bacterium on *Allium* crops: addition to the EPPO Alert List
- 2005/064 - *Phytomyza* (*Napomyza*) *gymnostoma* is a new pest of *Allium* in Europe: addition to the EPPO Alert List
- 2005/077 - *Ctenarytaina spatulata* is a new psyllid pest of *Eucalyptus*: addition to the EPPO Alert List
- 2005/078 - First report of *Brenneria quercina* causing bark canker on oaks in Spain: addition to the EPPO Alert List

EPPO Reporting Service

- 2005/085 - *Bactrocera invadens* a new invasive species of fruit fly: addition to the EPPO Alert List
2005/101 - First report of *Blueberry scorch carlavirus* in Europe: addition to the EPPO Alert List
2005/108 - Addition of *Plasmopara obducens* to the EPPO Alert List
2005/111 - *Fusarium foetens*: addition to the EPPO Alert List
2005/164 - *Phytophthora kernoviae*: addition to the EPPO Alert List
2005/176 - First report of *Eutypella parasitica* in Slovenia: addition to the EPPO Alert List
2005/181 - *Scolytus schevyrewi* (banded elm bark beetle): addition to the EPPO Alert List

Allium paradoxum

- 2005/138 - The Nature Conservation Act and invasive plants in Scotland (GB)

Almond witches broom phytoplasma

- 2005/060 - Phytoplasma classification

Alternanthera philoxeroides

- 2005/130 - *Alternanthera philoxeroides* reaches the Tarn-et-Garonne Department in France
2005/152 - A new begomovirus species infecting *Alternanthera philoxeroides*

Alternaria mali

- 2005/112 - First report of *Alternaria mali* in Turkey

Amaranthus chlorostachys, Amaranthus paniculatus, Amaranthus powellii

- 2005/174 - A survey of weeds that are increasingly spreading in Europe

Ambrosia artemisiifolia

- 2005/154 - Neophytes in Austria: habitat preferences and ecological effects

Amorpha fruticosa

- 2005/154 - Neophytes in Austria: habitat preferences and ecological effects

Ampelopsis brevipedunculata

- 2005/151 - *Ampelopsis brevipedunculata*, still spreading in the Eastern United States

Amsinckia micrantha

- 2005/174 - A survey of weeds that are increasingly spreading in Europe

Anoplophora chinensis

- 2005/180 - Exotic forestry pests recently reported from the USA

Anoplophora glabripennis

- 2005/003 - *Quercus rubra* is not a host for *Anoplophora glabripennis*
2005/177 - Single finding of an *Anoplophora glabripennis* beetle in Germany
2005/178 - First record of *Anoplophora glabripennis* in California (US)

Aphelenchoides besseyi

- 2005/073 - *Aphelenchoides besseyi* does not occur in Slovakia

Apple mosaic ilarvirus

- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List
2005/115 - First report of *Apple mosaic ilarvirus* and *Tomato ringspot nepovirus* in Jordan

Apple proliferation phytoplasma

- 2005/060 - Phytoplasma classification

EPPO *Reporting Service*

2005/114 - First reports of apple proliferation, pear decline and European stone fruit yellows phytoplasmas in Bosnia and Herzegovina

Apple sessile leaf phytoplasma

2005/015 - Apple sessile leaf: a new phytoplasma disease of apple found in Lithuania

Apricot latent foveavirus

2005/059 - Studies on *Apricot latent foveavirus*: a new virus of *Prunus*

Arabis mosaic nepovirus

2005/074 - Pests absent in Slovakia

Arceuthobium gillii*, *Arceuthobium vaginatum* subsp. *cryptopodum

2005/017 - New data on quarantine pests and pests of the EPPO Alert List

Argentina

2005/019 - First report of *Plum pox potyvirus* in Argentina

2005/121 - Recent records of *Fusarium* wilt of *Phoenix canariensis*

Artemisia verlotiorum

2005/146 - Noticeable plants in Landes and Pyrénées-Atlantiques (France) in 2004

Asclepias syriaca

2005/154 - Neophytes in Austria: habitat preferences and ecological effects

2005/174 - A survey of weeds that are increasingly spreading in Europe

Aster lanceolatus*, *Aster novi-belgii

2005/154 - Neophytes in Austria: habitat preferences and ecological effects

Asystasia gangetica* subsp. *micrantha

2005/147 - *Asystasia gangetica* subsp. *micrantha*, a newly naturalized plant in Taiwan

Aulacaspis yasumatsui

2005/076 - Further spread of *Aulacaspis yasumatsui*, a scale pest of Cycads

Austria

2005/154 - Neophytes in Austria: habitat preferences and ecological effects

2005/158 - *Phytophthora ramorum* is not present in Austria

Azolla filiculoides

2005/138 - The Nature Conservation Act and invasive plants in Scotland (GB)

Bactrocera cucurbitae

2005/046 - Irradiation treatment against *Bactrocera dorsalis*, *Ceratitis capitata* and *B. cucurbitae*

Bactrocera dorsalis

2005/046 - Irradiation treatment against *Bactrocera dorsalis*, *Ceratitis capitata* and *B. cucurbitae*

Bactrocera invadens

2005/085 - *Bactrocera invadens* a new invasive species of fruit fly: addition to the EPPO Alert List

Batrachedra pinicolella

2005/180 - Exotic forestry pests recently reported from the USA

EPPO Reporting Service

Bean yellow disorder crinivirus

2005/013 - Bean yellow disorder crinivirus: a new whitefly-transmitted virus of bean crops found in Spain

Beet necrotic yellow vein benyvirus

2005/075 - Situation of several quarantine pests in Lithuania in 2004: first report of rhizomania

2005/102 - First record of *Beet necrotic yellow vein benyvirus* in Morocco

Belgium

2005/100 - First report of *Heterobostrychus hamatipennis* in Belgium

Bemisia tabaci

2005/050 - Details on quarantine pests in Spain: 2004 situation

Bidens frondosa

2005/146 - Noticeable plants in Landes and Pyrénées-Atlantiques (France) in 2004

2005/154 - Neophytes in Austria: habitat preferences and ecological effects

Biology

2005/132 - Potential allelopathic effects of *Schinus terebinthifolius* on selected Florida native plants

2005/133 - The potential distribution of *Chromolaena odorata* (Siam weed) in relation to climate

2005/148 - Ecology of *Eichhornia crassipes* and *Pistia stratiotes* in the oriental maritime region of Togo

2005/149 - Evidence of hybridization between *Lythrum salicaria* and *L. alatum* in North America

Blueberry scorch carlavirus

2005/101 - First report of *Blueberry scorch carlavirus* in Europe: addition to the EPPO Alert List

Bolivia

2005/116 - First report of Citrus leprosis virus in Bolivia

Bosnia and Herzegovina

2005/017 - New data on quarantine pests and pests of the EPPO Alert List

2005/114 - First reports of apple proliferation, pear decline and European stone fruit yellows phytoplasmas in Bosnia and Herzegovina

Brazil

2005/022 - A new bacterium, '*Candidatus Liberibacter americanus*' is associated with citrus greening in Brazil

2005/033 - New data on quarantine pests and pests of the EPPO Alert List

Brenneria quercina

2005/078 - First report of *Brenneria quercina* causing bark canker on oaks in Spain: addition to the EPPO Alert List

Bucephalagonia xanthophis

2005/007 - Review paper on *Xylella fastidiosa* and its vectors

Buddleja davidii

2005/154 - Neophytes in Austria: habitat preferences and ecological effects

Buddleja Lochich

2005/131 - *Buddleja* Lochinch: a potentially invasive plant?

Bursaphelenchus xylophilus

2005/050 - Details on quarantine pests in Spain: 2004 situation

2005/069 - Studies on *Bursaphelenchus* species associated with *Pinus pinaster* in Portugal

EPPO Reporting Service

- 2005/070 - Survey on nematodes associated with *Pinus* trees in Spain: absence of *Bursaphelenchus xylophilus*
2005/071 - Studies on *Bursaphelenchus* species in Lithuania
2005/072 - Surveys on *Bursaphelenchus xylophilus*, *Monilinia fructicola*, *Phytophthora ramorum* and *Pepino mosaic potexvirus* in Emilia-Romagna, Italy
2005/088 - 2004 survey on *Bursaphelenchus xylophilus* in Slovakia
2005/098 - Surveys on pine nematodes in Slovenia: absence of *Bursaphelenchus xylophilus*

Cabomba caroliniana

- 2005/138 - The Nature Conservation Act and invasive plants in Scotland (GB)

Cacoecimorpha pronubana

- 2005/050 - Details on quarantine pests in Spain: 2004 situation

Callidiellum rufipenne*, *Callidiellum villosulum

- 2005/180 - Exotic forestry pests recently reported from the USA

Canada

- 2005/179 - Latest surveys on *Agrilus planipennis* in Ontario (Canada)

Carpobrotus edulis

- 2005/138 - The Nature Conservation Act and invasive plants in Scotland (GB)

Ceratitis capitata

- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List
2005/046 - Irradiation treatment against *Bactrocera dorsalis*, *Ceratitis capitata* and *B. cucurbitae*
2005/050 - Details on quarantine pests in Spain: 2004 situation
2005/123 - *Ceratitis capitata* reported from State of Campeche in Mexico

Ceratitis quinaria

- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List

Ceratocystis fimbriata* f.sp. *platani

- 2005/074 - Pests absent in Slovakia
2005/183 - New outbreaks of *Ceratocystis fimbriata* f.sp. *platani* in France

Ceroplastes ceriferus

- 2005/017 - New data on quarantine pests and pests of the EPPO Alert List

Chile

- 2005/142 - First report of *Iris yellow spot tospovirus* in Chile
2005/144 - *Pepino mosaic potexvirus* occurs in Chile

China

- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List
2005/043 - First report of bacterial leaf spot of poinsettia in China
2005/044 - Study on *Hirschmanniella* species found in rice in Yunnan, China

Chlorophorus annularis*, *Chlorophorus strobilicola

- 2005/180 - Exotic forestry pests recently reported from the USA

Choristoneura rosaceana

- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List

EPPO *Reporting Service*

Chromolaena odorata

2005/133 - The potential distribution of *Chromolaena odorata* (Siam weed) in relation to climate

Chrysanthemum stunt pospiviroid

2005/014 - Molecular tests for routine diagnosis of *Chrysanthemum stunt pospiviroid*

2005/074 - Pests absent in Slovakia

Ciborinia camelliae

2005/050 - Details on quarantine pests in Spain: 2004 situation

Circulifer tenellus

2005/074 - Pests absent in Slovakia

Citrus blight disease

2005/023 - Details on the situation of Citrus blight in Costa Rica

Citrus exocortis pospiviroid

2005/067 - Viroids detected on tomato samples in the Netherlands

Citrus leprosis virus

2005/116 - First report of Citrus leprosis virus in Bolivia

2005/117 - First report of Citrus leprosis virus in Mexico

Citrus tristeza closterovirus

2005/038 - First report of *Citrus tristeza closterovirus* in Serbia and Montenegro

2005/039 - First report of *Citrus tristeza closterovirus* in Guadeloupe

2005/050 - Details on quarantine pests in Spain: 2004 situation

2005/058 - *Citrus tristeza closterovirus* occurs in Alabama (US)

2005/074 - Pests absent in Slovakia

2005/089 - Current situation of *Citrus tristeza closterovirus* in Italy

Cixius wagneri

2005/104 - Studies on marginal chlorosis of strawberry

Clavibacter michiganensis* subsp. *michiganensis

2005/016 - Review paper on the composting of organic waste to eliminate plant pathogens and nematodes

2005/050 - Details on quarantine pests in Spain: 2004 situation

Clavibacter michiganensis* subsp. *sepedonicus

2005/050 - Details on quarantine pests in Spain: 2004 situation

2005/075 - Situation of several quarantine pests in Lithuania in 2004: first report of rhizomania

2005/157 - Surveys on *Clavibacter michiganensis* subsp. *sepedonicus* and *Ralstonia solanacearum* in Germany (2004 potato production season)

***Clytini* sp.**

2005/180 - Exotic forestry pests recently reported from the USA

Coconut lethal yellowing phytoplasma

2005/060 - Phytoplasma classification

Conference

2005/081 - EPPO Conference on *Phytophthora ramorum* and other forest pests (Cornwall, GB, 2005-10-05/07)

EPPO Reporting Service

Congo

2005/119 - First report of *Xanthomonas campestris* pv. *musacearum* in Congo

Control

2005/036 - Chemical control of *Phytophthora ramorum*

Conyza albida

2005/174 - A survey of weeds that are increasingly spreading in Europe

Conyza bonariensis

2005/146 - Noticeable plants in Landes and Pyrénées-Atlantiques (France) in 2004

2005/174 - A survey of weeds that are increasingly spreading in Europe

Conyza canadensis

2005/146 - Noticeable plants in Landes and Pyrénées-Atlantiques (France) in 2004

Conyza sumatrensis

2005/174 - A survey of weeds that are increasingly spreading in Europe

Cortaderia selloana

2005/146 - Noticeable plants in Landes and Pyrénées-Atlantiques (France) in 2004

Costa Rica

2005/023 - Details on the situation of Citrus blight in Costa Rica

2005/109 - First report of *Xylella fastidiosa* on *Citrus* in Costa Rica

2005/122 - Teak rust (*Olivea tectonae*) is spreading in America

Crassula helmsii

2005/127 - Invasive plants in Scotland (United Kingdom)

2005/134 - Techniques for controlling *Crassula helmsii* in United Kingdom

2005/138 - The Nature Conservation Act and invasive plants in Scotland (GB)

Crepis aspera

2005/174 - A survey of weeds that are increasingly spreading in Europe

Croatia

2005/033 - New data on quarantine pests and pests of the EPPO Alert List

Cryphonectria parasitica

2005/050 - Details on quarantine pests in Spain: 2004 situation

Ctenarytaina spatulata

2005/077 - *Ctenarytaina spatulata* is a new psyllid pest of *Eucalyptus*: addition to the EPPO Alert List

Cucumber vein yellowing ipomovirus

2005/017 - New data on quarantine pests and pests of the EPPO Alert List

2005/103 - Detection methods for *Cucumber vein yellowing ipomovirus*

Cyperus esculentus

2005/150 - *Cyperus esculentus*, a new weed in Hungary

Cyprus

2005/168 - First report of *Tomato chlorosis crinivirus* in Cyprus

EPPO Reporting Service

Czechia

- 2005/054 - Occurrence of *Plum pox potyvirus* on cherry in Czechia
- 2005/159 - Recent information on *Phytophthora ramorum* in Europe

Dendrolimus superans

- 2005/140 - Recent additions to the EPPO Action List

Denmark

- 2005/159 - Recent information on *Phytophthora ramorum* in Europe

Detailed records

- 2005/004 - More details about the eradication of *Thrips palmi* in United Kingdom
- 2005/012 - Current situation of *Plum pox potyvirus* near Ankara, Turkey
- 2005/017 - New data on quarantine pests and pests of the EPPO Alert List
- 2005/023 - Details on the situation of Citrus blight in Costa Rica
- 2005/024 - First report of *Little cherry closterovirus-1* in Poland
- 2005/027 - PCR to differentiate hop pathotypes of *Verticillium albo-atrum* in Slovenia
- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List
- 2005/035 - *Phymatotrichopsis omnivora* is present in Venezuela
- 2005/042 - Characterization of *Erwinia amylovora* strains collected in Spain
- 2005/044 - Study on *Hirschmanniella* species found in rice in Yunnan, China
- 2005/050 - Details on quarantine pests in Spain: 2004 situation
- 2005/051 - First record of *Paysandisia archon* in Sicilia (Italy)
- 2005/052 - Detection and eradication of *Plum pox potyvirus* M strains in Aragón (Spain)
- 2005/053 - First detection of *Plum pox potyvirus*-M strains in plum orchards in south-western Germany
- 2005/054 - Occurrence of *Plum pox potyvirus* on cherry in Czechia
- 2005/055 - Occurrence of *Plum pox potyvirus* on cherry in Turkey
- 2005/058 - *Citrus tristeza closterovirus* occurs in Alabama (US)
- 2005/069 - Studies on *Bursaphelenchus* species associated with *Pinus pinaster* in Portugal
- 2005/072 - Surveys on *Bursaphelenchus xylophilus*, *Monilinia fructicola*, *Phytophthora ramorum* and *Pepino mosaic potexvirus* in Emilia-Romagna, Italy
- 2005/075 - Situation of several quarantine pests in Lithuania in 2004: first report of rhizomania
- 2005/084 - Situation of *Diabrotica virgifera* in France in August 2005
- 2005/087 - Occurrence of *Meloidogyne chitwoodi* in Germany
- 2005/089 - Current situation of *Citrus tristeza closterovirus* in Italy
- 2005/090 - Current situation of *Erwinia amylovora* in Slovakia
- 2005/091 - *Discula destructiva* found again in Germany
- 2005/099 - Occurrence of *Opogona sacchari* in Germany
- 2005/121 - Recent records of *Fusarium* wilt of *Phoenix canariensis*
- 2005/123 - *Ceratitis capitata* reported from State of Campeche in Mexico
- 2005/127 - Invasive plants in Scotland (United Kingdom)
- 2005/128 - Two naturalized taxa in the Iberian Peninsula present in west Andalusia (Spain)
- 2005/129 - Presence of *Solanum elaeagnifolium* in the North of Spain
- 2005/143 - First report of *Tomato infectious chlorosis crinivirus* in France and current situation of *Tomato chlorosis crinivirus*
- 2005/146 - Noticeable plants in Landes and Pyrénées-Atlantiques (France) in 2004
- 2005/150 - *Cyperus esculentus*, a new weed in Hungary
- 2005/151 - *Ampelopsis brevipedunculata*, still spreading in the Eastern United States
- 2005/157 - Surveys on *Clavibacter michiganensis* subsp. *sepedonicus* and *Ralstonia solanacearum* in Germany (2004 potato production season)
- 2005/159 - Recent information on *Phytophthora ramorum* in Europe
- 2005/160 - Situation of *Phytophthora ramorum* in USA
- 2005/165 - *Diabrotica virgifera* found again in the Netherlands
- 2005/175 - *Ferraria crispa* found in the South-west of Spain

EPPO Reporting Service

- 2005/177 - Single finding of an *Anoplophora glabripennis* beetle in Germany
- 2005/178 - First record of *Anoplophora glabripennis* in California (US)
- 2005/179 - Latest surveys on *Agrilus planipennis* in Ontario (Canada)
- 2005/183 - New outbreaks of *Ceratocystis fimbriata* f.sp. *platani* in France
- 2005/184 - Situation of *Mycosphaerella pini* in the United Kingdom
- 2005/186 - Further finding of *Liriomyza sativae* in Turkey
- 2005/187 - *Scirtothrips dorsalis* found in Florida (US)

Detection

- 2005/006 - Use of sounds to detect *Rhynchophorus ferrugineus*

Diabrotica virgifera

- 2005/050 - Details on quarantine pests in Spain: 2004 situation
- 2005/083 - First record of *Diabrotica virgifera* in Poland
- 2005/084 - Situation of *Diabrotica virgifera* in France in August 2005
- 2005/165 - *Diabrotica virgifera* found again in the Netherlands
- 2005/166 - *Diabrotica virgifera* has probably been introduced several times into Europe from North America

Diagnostics

- 2005/010 - PCR detection of latent infections of *Glomerella acutata* on strawberry
- 2005/014 - Molecular tests for routine diagnosis of *Chrysanthemum stunt pospiviroid*
- 2005/026 - Real-time PCR to detect *Erwinia amylovora*
- 2005/027 - PCR to differentiate hop pathotypes of *Verticillium albo-atrum* in Slovenia
- 2005/037 - Real-time PCR to detect *Phytophthora ramorum*
- 2005/103 - Detection methods for *Cucumber vein yellowing ipomovirus*
- 2005/105 - Multiplex RT-PCR method to detect four aphid-borne strawberry viruses
- 2005/161 - Rapid diagnostic test to distinguish between *Phytophthora ramorum* populations from America and Europe

Dilobopterus costalimai

- 2005/007 - Review paper on *Xylella fastidiosa* and its vectors

Discula destructiva

- 2005/091 - *Discula destructiva* found again in Germany

Ditylenchus destructor

- 2005/075 - Situation of several quarantine pests in Lithuania in 2004: first report of rhizomania

Draeculacephala minerva

- 2005/007 - Review paper on *Xylella fastidiosa* and its vectors

Duchesnea indica

- 2005/154 - Neophytes in Austria: habitat preferences and ecological effects
- 2005/174 - A survey of weeds that are increasingly spreading in Europe

Echinochloa crus-galli

- 2005/146 - Noticeable plants in Landes and Pyrénées-Atlantiques (France) in 2004

Ecuador

- 2005/122 - Teak rust (*Olivea tectonae*) is spreading in America

Eichhornia crassipes

- 2005/138 - The Nature Conservation Act and invasive plants in Scotland (GB)
- 2005/148 - Ecology of *Eichhornia crassipes* and *Pistia stratiotes* in the oriental maritime region of Togo

EPPO Reporting Service

Eleagnus angustifolia

2005/154 - Neophytes in Austria: habitat preferences and ecological effects

Eleusine indica, *Eleusine tristachya*

2005/146 - Noticeable plants in Landes and Pyrénées-Atlantiques (France) in 2004

Elm yellows phytoplasma

2005/060 - Phytoplasma classification

2005/062 - *Macropsis mendax* (Homoptera: Cicadellidae) is a vector of *Phytoplasma ulmi* in Italy

Elodea canadensis, *Elodea nuttallii*

2005/127 - Invasive plants in Scotland (United Kingdom)

2005/154 - Neophytes in Austria: habitat preferences and ecological effects

Epidemiology

2005/007 - Review paper on *Xylella fastidiosa* and its vectors

2005/008 - Invasion risk of *Homalodisca coagulata*, vector of *Xylella fastidiosa* in grapevine-growing regions of the world

2005/025 - Weed hosts of *Pepino mosaic potyvirus*

2005/056 - Studies on natural hosts of *Plum pox potyvirus* (other than cultivated *Prunus*)

2005/057 - Studies on aphid vectors of *Plum pox potyvirus* in North America

2005/062 - *Macropsis mendax* (Homoptera: Cicadellidae) is a vector of *Phytoplasma ulmi* in Italy

2005/104 - Studies on marginal chlorosis of strawberry

Epilobium ciliatum

2005/154 - Neophytes in Austria: habitat preferences and ecological effects

EPPO

2005/032 - EPPO welcomes Uzbekistan as its 47th member country

2005/048 - EPPO Standards for the Efficacy Evaluation of Plant Protection Products: a new update is available

2005/080 - PQR version 4.4 has now been released

2005/081 - EPPO Conference on *Phytophthora ramorum* and other forest pests (Cornwall, GB, 2005-10-05/07)

2005/096 - EPPO Reporting Service: all back issues are now directly available from the EPPO website

2005/124 - EPPO has elected its new Director-General

2005/125 - Invasive alien plant reporting service

2005/126 - New EPPO List of invasive alien plants

2005/139 - New EPPO Action List

2005/140 - Recent additions to the EPPO Action List

2005/189 - Index of the EPPO Reporting Service

Eradication

2005/004 - More details about the eradication of *Thrips palmi* in United Kingdom

2005/052 - Detection and eradication of *Plum pox potyvirus* M strains in Aragón (Spain)

Ericaphis fimbriata

2005/145 - *Ericaphis fimbriata* occurs in Europe

Erigeron annuus

2005/174 - A survey of weeds that are increasingly spreading in Europe

Erwinia amylovora

2005/016 - Review paper on the composting of organic waste to eliminate plant pathogens and nematodes

2005/017 - New data on quarantine pests and pests of the EPPO Alert List

EPPO Reporting Service

- 2005/026 - Real-time PCR to detect *Erwinia amylovora*
- 2005/042 - Characterization of *Erwinia amylovora* strains collected in Spain
- 2005/050 - Details on quarantine pests in Spain: 2004 situation
- 2005/090 - Current situation of *Erwinia amylovora* in Slovakia

Erwinia chrysanthemi

- 2005/016 - Review paper on the composting of organic waste to eliminate plant pathogens and nematodes

Etiology

- 2005/009 - *Phytophthora alni* sp. nov. and its variants described as causal agents of a new disease of alder in Europe
- 2005/068 - Recent studies on *Thecaphora solani*
- 2005/163 - *Phytophthora* species involved in the decline of *Fagus sylvatica* (beech)
- 2005/169 - Potato deforming mosaic disease is caused by *Tomato yellow vein streak begomovirus*

Euphorbia nutans

- 2005/174 - A survey of weeds that are increasingly spreading in Europe

European stone fruit yellows phytoplasma

- 2005/060 - Phytoplasma classification
- 2005/074 - Pests absent in Slovakia
- 2005/114 - First reports of apple proliferation, pear decline and European stone fruit yellows phytoplasmas in Bosnia and Herzegovina

Eutetranychus orientalis

- 2005/050 - Details on quarantine pests in Spain: 2004 situation
- 2005/074 - Pests absent in Slovakia

Eutypella parasitica

- 2005/176 - First report of *Eutypella parasitica* in Slovenia: addition to the EPPO Alert List

Euwallacea fornicatus

- 2005/180 - Exotic forestry pests recently reported from the USA

Fallopia japonica, Fallopia sachalinensis, Fallopia x bohemica

- 2005/154 - Neophytes in Austria: habitat preferences and ecological effects

FAO

- 2005/156 - The new revised text of the IPPC is now into force (as of 2005-10-02)

Ferraria crispa

- 2005/175 - *Ferraria crispa* found in the South-west of Spain

Finland

- 2005/159 - Recent information on *Phytophthora ramorum* in Europe

Flavescence dorée phytoplasma

- 2005/050 - Details on quarantine pests in Spain: 2004 situation

France

- 2005/028 - First report of *Tetranychus evansi* in France
- 2005/084 - Situation of *Diabrotica virgifera* in France in August 2005
- 2005/104 - Studies on marginal chlorosis of strawberry
- 2005/130 - *Alternanthera philoxeroides* reaches the Tarn-et-Garonne Department in France

EPPO Reporting Service

- 2005/143 - First report of *Tomato infectious chlorosis crinivirus* in France and current situation of *Tomato chlorosis crinivirus*
2005/146 - Noticeable plants in Landes and Pyrénées-Atlantiques (France) in 2004
2005/171 - *Lysichiton americanus* reported in the 'Massif du Mont Pilat' (France)
2005/183 - New outbreaks of *Ceratocystis fimbriata* f.sp. *platani* in France

Frankliniella occidentalis

- 2005/050 - Details on quarantine pests in Spain: 2004 situation

Fraxinus pensylvanica

- 2005/154 - Neophytes in Austria: habitat preferences and ecological effects

Fusarium foetens

- 2005/110 - *Fusarium foetens* found in Germany
2005/111 - *Fusarium foetens*: addition to the EPPO Alert List

Fusarium oxysporum* f.sp. *canariensis

- 2005/121 - Recent records of *Fusarium* wilt of *Phoenix canariensis*

Gaultheria shallon

- 2005/138 - The Nature Conservation Act and invasive plants in Scotland (GB)

Germany

- 2005/053 - First detection of *Plum pox potyvirus-M* strains in plum orchards in south-western Germany
2005/086 - First record of *Illinoia liriodendri* in Germany
2005/087 - Occurrence of *Meloidogyne chitwoodi* in Germany
2005/091 - *Discula destructiva* found again in Germany
2005/099 - Occurrence of *Opogona sacchari* in Germany
2005/106 - A new downy mildew of Impatiens (*Plasmopara obducens*) found in Germany
2005/110 - *Fusarium foetens* found in Germany
2005/157 - Surveys on *Clavibacter michiganensis* subsp. *sepedonicus* and *Ralstonia solanacearum* in Germany (2004 potato production season)
2005/167 - Incursion of *Xanthomonas axonopodis* pv. *dieffenbachiae* in Germany
2005/177 - Single finding of an *Anoplophora glabripennis* beetle in Germany

Gibberella circinata

- 2005/050 - Details on quarantine pests in Spain: 2004 situation
2005/097 - First record of *Gibberella circinata* (pine pitch canker) in Spain

Globodera pallida

- 2005/016 - Review paper on the composting of organic waste to eliminate plant pathogens and nematodes
2005/033 - New data on quarantine pests and pests of the EPPO Alert List

Globodera rostochiensis

- 2005/016 - Review paper on the composting of organic waste to eliminate plant pathogens and nematodes
2005/033 - New data on quarantine pests and pests of the EPPO Alert List
2005/075 - Situation of several quarantine pests in Lithuania in 2004: first report of rhizomania

Glomerella acutata

- 2005/010 - PCR detection of latent infections of *Glomerella acutata* on strawberry
2005/185 - First report of *Glomerella acutata* in Sweden

Glyceria striata

- 2005/154 - Neophytes in Austria: habitat preferences and ecological effects

EPPO *Reporting Service*

Gonipterus scutellatus

2005/050 - Details on quarantine pests in Spain: 2004 situation

Grammographus notabilis

2005/180 - Exotic forestry pests recently reported from the USA

Grapevine flavescence dorée phytoplasma

2005/017 - New data on quarantine pests and pests of the EPPO Alert List

2005/060 - Phytoplasma classification

2005/074 - Pests absent in Slovakia

Graphocephala atropunctata

2005/007 - Review paper on *Xylella fastidiosa* and its vectors

Greece

2005/121 - Recent records of *Fusarium* wilt of *Phoenix canariensis*

Guadeloupe

2005/039 - First report of *Citrus tristeza closterovirus* in Guadeloupe

Guam

2005/076 - Further spread of *Aulacaspis yasumatsui*, a scale pest of Cycads

Harmonia axyridis

2005/092 - An invasive species: *Harmonia axyridis* (Harlequin ladybird)

Helianthus tuberosus

2005/154 - Neophytes in Austria: habitat preferences and ecological effects

Helicoverpa armigera

2005/050 - Details on quarantine pests in Spain: 2004 situation

Heracleum mantegazzianum

2005/127 - Invasive plants in Scotland (United Kingdom)

2005/138 - The Nature Conservation Act and invasive plants in Scotland (GB)

2005/154 - Neophytes in Austria: habitat preferences and ecological effects

2005/174 - A survey of weeds that are increasingly spreading in Europe

Heterobostrychus hamatipennis

2005/100 - First report of *Heterobostrychus hamatipennis* in Belgium

Heterodera glycines

2005/017 - New data on quarantine pests and pests of the EPPO Alert List

Hibiscus trionum

2005/128 - Two naturalized taxa in the Iberian Peninsula present in west Andalusia (Spain)

***Hirschmaniella* spp.**

2005/044 - Study on *Hirschmaniella* species found in rice in Yunnan, China

Homalodisca coagulata

2005/007 - Review paper on *Xylella fastidiosa* and its vectors

EPPO Reporting Service

2005/008 - Invasion risk of *Homalodisca coagulata*, vector of *Xylella fastidiosa* in grapevine-growing regions of the world

Host plants

2005/003 - *Quercus rubra* is not a host for *Anoplophora glabripennis*
2005/017 - New data on quarantine pests and pests of the EPPO Alert List
2005/025 - Weed hosts of *Pepino mosaic potyvirus*
2005/033 - New data on quarantine pests and pests of the EPPO Alert List
2005/054 - Occurrence of *Plum pox potyvirus* on cherry in Czechia
2005/055 - Occurrence of *Plum pox potyvirus* on cherry in Turkey
2005/056 - Studies on natural hosts of *Plum pox potyvirus* (other than cultivated *Prunus*)
2005/067 - Viroids detected on tomato samples in the Netherlands

Hungary

2005/150 - *Cyperus esculentus*, a new weed in Hungary

Hyacinthoides hispanica

2005/127 - Invasive plants in Scotland (United Kingdom)

Hydrocotyle ranunculoides

2005/138 - The Nature Conservation Act and invasive plants in Scotland (GB)
2005/140 - Recent additions to the EPPO Action List

Hylurgops palliatus

2005/180 - Exotic forestry pests recently reported from the USA

Hylurgus ligniperda

2005/180 - Exotic forestry pests recently reported from the USA

Illinoia liriodendri

2005/086 - First record of *Illinoia liriodendri* in Germany

Impatiens glandulifera

2005/127 - Invasive plants in Scotland (United Kingdom)
2005/154 - Neophytes in Austria: habitat preferences and ecological effects

Impatiens parviflora

2005/154 - Neophytes in Austria: habitat preferences and ecological effects

India

2005/040 - First report of *Iris yellow spot tospovirus* on onions in India

Indonesia

2005/033 - New data on quarantine pests and pests of the EPPO Alert List

Interceptions

2005/030 - EPPO report on notifications of non-compliance (detection of regulated pests)
2005/079 - EPPO report on notifications of non-compliance (detection of regulated pests)
2005/093 - EPPO report on notifications of non-compliance (detection of regulated pests)
2005/180 - Exotic forestry pests recently reported from the USA
2005/182 - Dead specimens of *Psacothaea hilaris* found in Lombardia, Italy
2005/188 - EPPO report on notifications of non-compliance (detection of regulated pests)

EPPO Reporting Service

Invasive alien plants

- 2005/050 - Details on quarantine pests in Spain: 2004 situation
- 2005/065 - *Sagittaria montevidensis* subsp. *calycina* : a new weed species found in Spain
- 2005/125 - Invasive alien plant reporting service
- 2005/126 - New EPPO List of invasive alien plants
- 2005/127 - Invasive plants in Scotland (United Kingdom)
- 2005/128 - Two naturalized taxa in the Iberian Peninsula present in west Andalusia (Spain)
- 2005/129 - Presence of *Solanum elaeagnifolium* in the North of Spain
- 2005/130 - *Alternanthera philoxeroides* reaches the Tarn-et-Garonne Department in France
- 2005/131 - *Buddleja* Lochinch: a potentially invasive plant?
- 2005/132 - Potential allelopathic effects of *Schinus terebinthifolius* on selected Florida native plants
- 2005/133 - The potential distribution of *Chromolaena odorata* (Siam weed) in relation to climate
- 2005/134 - Techniques for controlling *Crassula helmsii* in United Kingdom
- 2005/135 - Cut-and-inject herbicide against *Reynoutria japonica* in United Kingdom
- 2005/136 - Management of the invasive species *Opuntia stricta* in a Botanical Reserve in Portugal
- 2005/137 - Horticultural Code of Practice in Scotland (United Kingdom)
- 2005/138 - The Nature Conservation Act and invasive plants in Scotland (GB)
- 2005/146 - Noticeable plants in Landes and Pyrénées-Atlantiques (France) in 2004
- 2005/147 - *Asystasia gangetica* subsp. *micrantha*, a newly naturalized plant in Taiwan
- 2005/148 - Ecology of *Eichhornia crassipes* and *Pistia stratiotes* in the oriental maritime region of Togo
- 2005/149 - Evidence of hybridization between *Lythrum salicaria* and *L. alatum* in North America
- 2005/150 - *Cyperus esculentus*, a new weed in Hungary
- 2005/151 - *Ampelopsis brevipedunculata*, still spreading in the Eastern United States
- 2005/152 - A new begomovirus species infecting *Alternanthera philoxeroides*
- 2005/153 - Audit of non-native species in England, UK
- 2005/154 - Neophytes in Austria: habitat preferences and ecological effects
- 2005/155 - The NOBANIS Internet portal on invasive alien species is open
- 2005/171 - *Lysichiton americanus* reported in the 'Massif du Mont Pilat' (France)
- 2005/172 - An inventory of alien species and their threat to biodiversity and economy in Switzerland
- 2005/173 - Isoenzyme diversity in *Reynoutria* taxa: escape from sterility by hybridization
- 2005/174 - A survey of weeds that are increasingly spreading in Europe
- 2005/175 - *Ferraria crispa* found in the South-west of Spain

Invasive species

- 2005/092 - An invasive species: *Harmonia axyridis* (Harlequin ladybird)

IPPC

- 2005/156 - The new revised text of the IPPC is now into force (as of 2005-10-02)

Iran

- 2005/021 - *Toxoptera citricida* does not occur in Iran
- 2005/118 - Tomato Varamin virus: a new tospovirus of tomatoes in Iran

Iraq

- 2005/001 - First report of *Leptinotarsa decemlineata* in Iraq

Iris yellow spot tospovirus

- 2005/017 - New data on quarantine pests and pests of the EPPO Alert List
- 2005/040 - First report of *Iris yellow spot tospovirus* on onions in India
- 2005/041 - First report of *Iris yellow spot tospovirus* on onions in Réunion
- 2005/141 - First report of *Iris yellow spot tospovirus* in Spain
- 2005/142 - First report of *Iris yellow spot tospovirus* in Chile

EPPO Reporting Service

Israel

2005/011 - First report of *Tomato chlorosis crinivirus* in Israel

Italy

2005/005 - First report of *Lissorhoptrus oryzophilus* (rice water weevil) in Italy: Addition to the EPPO Alert List
2005/017 - New data on quarantine pests and pests of the EPPO Alert List
2005/033 - New data on quarantine pests and pests of the EPPO Alert List
2005/051 - First record of *Paysandisia archon* in Sicilia (Italy)
2005/062 - *Macropsis mendax* (Homoptera: Cicadellidae) is a vector of *Phytoplasma ulmi* in Italy
2005/072 - Surveys on *Bursaphelenchus xylophilus*, *Monilinia fructicola*, *Phytophthora ramorum* and *Pepino mosaic potexvirus* in Emilia-Romagna, Italy
2005/089 - Current situation of *Citrus tristeza closterovirus* in Italy
2005/121 - Recent records of *Fusarium* wilt of *Phoenix canariensis*
2005/145 - *Ericaphis fimbriata* occurs in Europe
2005/182 - Dead specimens of *Psacotheta hilaris* found in Lombardia, Italy

Jordan

2005/115 - First report of *Apple mosaic ilarvirus* and *Tomato ringspot nepovirus* in Jordan

Kazakhstan

2005/020 - *Plum pox potyvirus* occurs in Kazakhstan

Lagarosiphon major

2005/138 - The Nature Conservation Act and invasive plants in Scotland (GB)

Lemna spp.

2005/146 - Noticeable plants in Landes and Pyrénées-Atlantiques (France) in 2004

Leptinotarsa decemlineata

2005/001 - First report of *Leptinotarsa decemlineata* in Iraq
2005/050 - Details on quarantine pests in Spain: 2004 situation

Liberibacter americanus

2005/022 - A new bacterium, 'Candidatus *Liberibacter americanus*' is associated with citrus greening in Brazil

Liberibacter asiaticus

2005/082 - First report of *Liberibacter asiaticus* in USA

Lime witches broom phytoplasma

2005/060 - *Phytoplasma* classification

Liriomyza huidobrensis

2005/074 - Pests absent in Slovakia

Liriomyza sativae

2005/033 - New data on quarantine pests and pests of the EPPO Alert List
2005/186 - Further finding of *Liriomyza sativae* in Turkey

Liriomyza trifolii

2005/033 - New data on quarantine pests and pests of the EPPO Alert List

Lissorhoptrus oryzophilus

2005/005 - First report of *Lissorhoptrus oryzophilus* (rice water weevil) in Italy: Addition to the EPPO Alert List

EPPO Reporting Service

Lithuania

- 2005/015 - Apple sessile leaf: a new phytoplasma disease of apple found in Lithuania
- 2005/071 - Studies on *Bursaphelenchus* species in Lithuania
- 2005/075 - Situation of several quarantine pests in Lithuania in 2004: first report of rhizomania

Little cherry closterovirus-1

- 2005/024 - First report of *Little cherry closterovirus-1* in Poland

Lonicera japonica

- 2005/146 - Noticeable plants in Landes and Pyrénées-Atlantiques (France) in 2004

Ludwigia uruguayensis

- 2005/146 - Noticeable plants in Landes and Pyrénées-Atlantiques (France) in 2004

Lupinus polyphyllus

- 2005/154 - Neophytes in Austria: habitat preferences and ecological effects

Lymantria mathura

- 2005/140 - Recent additions to the EPPO Action List

Lysichiton americanus

- 2005/140 - Recent additions to the EPPO Action List
- 2005/171 - *Lysichiton americanus* reported in the 'Massif du Mont Pilat' (France)

Lythrum alatum, Lythrum salicaria

- 2005/149 - Evidence of hybridization between *Lythrum salicaria* and *L. alatum* in North America

Maconellicoccus hirsutus

- 2005/047 - Vapour heat treatment against *Maconellicoccus hirsutus*

Macropsis mendax

- 2005/062 - *Macropsis mendax* (Homoptera: Cicadellidae) is a vector of *Phytoplasma ulmi* in Italy

Macugonalia leucomelas

- 2005/007 - Review paper on *Xylella fastidiosa* and its vectors

Mahonia aquifolium

- 2005/154 - Neophytes in Austria: habitat preferences and ecological effects

Mali

- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List

Management of invasive alien plants

- 2005/131 - *Buddleja Lochinch*: a potentially invasive plant?
- 2005/134 - Techniques for controlling *Crassula helmsii* in United Kingdom
- 2005/135 - Cut-and-inject herbicide against *Reynoutria japonica* in United Kingdom
- 2005/136 - Management of the invasive species *Opuntia stricta* in a Botanical Reserve in Portugal

Matricaria matricarioides

- 2005/174 - A survey of weeds that are increasingly spreading in Europe

Melampsora medusae

- 2005/074 - Pests absent in Slovakia

EPPO Reporting Service

Meloidogyne chitwoodi

- 2005/016 - Review paper on the composting of organic waste to eliminate plant pathogens and nematodes
- 2005/074 - Pests absent in Slovakia
- 2005/087 - Occurrence of *Meloidogyne chitwoodi* in Germany

Meloidogyne fallax

- 2005/074 - Pests absent in Slovakia

Mexico

- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List
- 2005/117 - First report of Citrus leprosis virus in Mexico
- 2005/122 - Teak rust (*Olivea tectonae*) is spreading in America
- 2005/123 - *Ceratitidis capitata* reported from State of Campeche in Mexico

Monilinia fructicola

- 2005/072 - Surveys on *Bursaphelenchus xylophilus*, *Monilinia fructicola*, *Phytophthora ramorum* and *Pepino mosaic potexvirus* in Emilia-Romagna, Italy

Morocco

- 2005/102 - First record of *Beet necrotic yellow vein benyvirus* in Morocco

Mycosphaerella eumusae

- 2005/120 - *Mycosphaerella eumusae*: a new leaf spot disease of banana
- 2005/170 - The correct anamorph stage of *Mycosphaerella eumusae* is *Pseudocercospora eumusae*

Mycosphaerella pini

- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List
- 2005/074 - Pests absent in Slovakia
- 2005/184 - Situation of *Mycosphaerella pini* in the United Kingdom

Myriophyllum aquaticum

- 2005/138 - The Nature Conservation Act and invasive plants in Scotland (GB)

***Myriophyllum* sp.**

- 2005/146 - Noticeable plants in Landes and Pyrénées-Atlantiques (France) in 2004

Neoliturus haematoceps

- 2005/074 - Pests absent in Slovakia

Netherlands

- 2005/067 - Viroids detected on tomato samples in the Netherlands
- 2005/145 - *Ericaphis fimbriata* occurs in Europe
- 2005/165 - *Diabrotica virgifera* found again in the Netherlands

New pests

- 2005/013 - Bean yellow disorder crinivirus: a new whitefly-transmitted virus of bean crops found in Spain
- 2005/015 - Apple sessile leaf: a new phytoplasma disease of apple found in Lithuania
- 2005/022 - A new bacterium, '*Candidatus Liberibacter americanus*' is associated with citrus greening in Brazil
- 2005/059 - Studies on *Apricot latent foveavirus*: a new virus of *Prunus*
- 2005/118 - Tomato Varamin virus: a new tospovirus of tomatoes in Iran
- 2005/120 - *Mycosphaerella eumusae*: a new leaf spot disease of banana
- 2005/162 - Other *Phytophthora* species recently described on forest or ornamental species

EPPO Reporting Service

New records

- 2005/001 - First report of *Leptinotarsa decemlineata* in Iraq
- 2005/002 - First report of *Sternochetus mangiferae* in Yemen
- 2005/005 - First report of *Lissorhoptrus oryzophilus* (rice water weevil) in Italy: Addition to the EPPO Alert List
- 2005/011 - First report of *Tomato chlorosis crinivirus* in Israel
- 2005/013 - Bean yellow disorder crinivirus: a new whitefly-transmitted virus of bean crops found in Spain
- 2005/015 - Apple sessile leaf: a new phytoplasma disease of apple found in Lithuania
- 2005/017 - New data on quarantine pests and pests of the EPPO Alert List
- 2005/018 - First record of *Plum pox potyvirus* in Tunisia
- 2005/019 - First report of *Plum pox potyvirus* in Argentina
- 2005/020 - *Plum pox potyvirus* occurs in Kazakhstan
- 2005/022 - A new bacterium, '*Candidatus Liberibacter americanus*' is associated with citrus greening in Brazil
- 2005/028 - First report of *Tetranychus evansi* in France
- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List
- 2005/034 - First report of *Synchytrium endobioticum* in Turkey
- 2005/038 - First report of *Citrus tristeza closterovirus* in Serbia and Montenegro
- 2005/039 - First report of *Citrus tristeza closterovirus* in Guadeloupe
- 2005/040 - First report of *Iris yellow spot tospovirus* on onions in India
- 2005/041 - First report of *Iris yellow spot tospovirus* on onions in Réunion
- 2005/043 - First report of bacterial leaf spot of poinsettia in China
- 2005/050 - Details on quarantine pests in Spain: 2004 situation
- 2005/066 - First report of *Tomato chlorosis crinivirus* in Réunion
- 2005/075 - Situation of several quarantine pests in Lithuania in 2004: first report of rhizomania
- 2005/076 - Further spread of *Aulacaspis yasumatsui*, a scale pest of Cycads
- 2005/078 - First report of *Brenneria quercina* causing bark canker on oaks in Spain: addition to the EPPO Alert List
- 2005/082 - First report of *Liberibacter asiaticus* in USA
- 2005/083 - First record of *Diabrotica virgifera* in Poland
- 2005/086 - First record of *Illinoia liriodendri* in Germany
- 2005/097 - First record of *Gibberella circinata* (pine pitch canker) in Spain
- 2005/100 - First report of *Heterobostrychus hamatipennis* in Belgium
- 2005/102 - First record of *Beet necrotic yellow vein benyvirus* in Morocco
- 2005/106 - A new downy mildew of Impatiens (*Plasmopara obducens*) found in Germany
- 2005/107 - First record of *Plasmopara obducens* (Impatiens downy mildew) in United Kingdom
- 2005/109 - First report of *Xylella fastidiosa* on *Citrus* in Costa Rica
- 2005/110 - *Fusarium foetens* found in Germany
- 2005/112 - First report of *Alternaria mali* in Turkey
- 2005/113 - Pear decline found in Serbia and Montenegro
- 2005/114 - First reports of apple proliferation, pear decline and European stone fruit yellows phytoplasmas in Bosnia and Herzegovina
- 2005/115 - First report of *Apple mosaic ilarvirus* and *Tomato ringspot nepovirus* in Jordan
- 2005/116 - First report of Citrus leprosis virus in Bolivia
- 2005/117 - First report of Citrus leprosis virus in Mexico
- 2005/118 - Tomato Varamin virus: a new tospovirus of tomatoes in Iran
- 2005/119 - First report of *Xanthomonas campestris* pv. *musacearum* in Congo
- 2005/121 - Recent records of *Fusarium* wilt of *Phoenix canariensis*
- 2005/122 - Teak rust (*Olivea tectonae*) is spreading in America
- 2005/130 - *Alternanthera philoxeroides* reaches the Tarn-et-Garonne Department in France
- 2005/141 - First report of *Iris yellow spot tospovirus* in Spain
- 2005/142 - First report of *Iris yellow spot tospovirus* in Chile
- 2005/143 - First report of *Tomato infectious chlorosis crinivirus* in France and current situation of *Tomato chlorosis crinivirus*
- 2005/144 - *Pepino mosaic potyvirus* occurs in Chile
- 2005/145 - *Ericaphis fimbriata* occurs in Europe

EPPO Reporting Service

- 2005/147 - *Asystasia gangetica* subsp. *micrantha*, a newly naturalized plant in Taiwan
- 2005/159 - Recent information on *Phytophthora ramorum* in Europe
- 2005/167 - Incursion of *Xanthomonas axonopodis* pv. *dieffenbachiae* in Germany
- 2005/168 - First report of *Tomato chlorosis crinivirus* in Cyprus
- 2005/171 - *Lysichiton americanus* reported in the 'Massif du Mont Pilat' (France)
- 2005/176 - First report of *Eutypella parasitica* in Slovenia: addition to the EPPO Alert List
- 2005/180 - Exotic forestry pests recently reported from the USA
- 2005/185 - First report of *Glomerella acutata* in Sweden

Oligonychus perseae

- 2005/050 - Details on quarantine pests in Spain: 2004 situation

Olivea tectonae

- 2005/122 - Teak rust (*Olivea tectonae*) is spreading in America

Oncometopia nigricans

- 2005/007 - Review paper on *Xylella fastidiosa* and its vectors

Opogona sacchari

- 2005/074 - Pests absent in Slovakia
- 2005/099 - Occurrence of *Opogona sacchari* in Germany

Opuntia stricta

- 2005/136 - Management of the invasive species *Opuntia stricta* in a Botanical Reserve in Portugal

Oryza sativa

- 2005/174 - A survey of weeds that are increasingly spreading in Europe

Panama

- 2005/122 - Teak rust (*Olivea tectonae*) is spreading in America

Paspalum dilatatum*, *Paspalum paspalodes

- 2005/146 - Noticeable plants in Landes and Pyrénées-Atlantiques (France) in 2004

Paysandisia archon

- 2005/050 - Details on quarantine pests in Spain: 2004 situation
- 2005/051 - First record of *Paysandisia archon* in Sicilia (Italy)

Peach latent mosaic pelamoviroid

- 2005/017 - New data on quarantine pests and pests of the EPPO Alert List

Peach rosette phytoplasma

- 2005/061 - Peach rosette, little peach, red suture and western X-disease phytoplasmas are closely related

Peach X-disease phytoplasma

- 2005/060 - Phytoplasma classification
- 2005/061 - Peach rosette, little peach, red suture and western X-disease phytoplasmas are closely related

Pear decline phytoplasma

- 2005/060 - Phytoplasma classification
- 2005/113 - Pear decline found in Serbia and Montenegro
- 2005/114 - First reports of apple proliferation, pear decline and European stone fruit yellows phytoplasmas in Bosnia and Herzegovina

EPPO Reporting Service

Pepino mosaic potexvirus

- 2005/025 - Weed hosts of *Pepino mosaic potexvirus*
- 2005/050 - Details on quarantine pests in Spain: 2004 situation
- 2005/072 - Surveys on *Bursaphelenchus xylophilus*, *Monilinia fructicola*, *Phytophthora ramorum* and *Pepino mosaic potexvirus* in Emilia-Romagna, Italy
- 2005/144 - *Pepino mosaic potexvirus* occurs in Chile

Phakopsora pachyrhizi

- 2005/029 - Rapid spread of soybean rust (*Phakopsora pachyrhizi*) in the Americas: addition to the EPPO Alert List

Phymatotrichopsis omnivora

- 2005/035 - *Phymatotrichopsis omnivora* is present in Venezuela

Phytomyza (Napomyza) gymnostoma

- 2005/064 - *Phytomyza (Napomyza) gymnostoma* is a new pest of *Allium* in Europe: addition to the EPPO Alert List

Phytophthora alni

- 2005/009 - *Phytophthora alni* sp. nov. and its variants described as causal agents of a new disease of alder in Europe

Phytophthora cactorum

- 2005/163 - *Phytophthora* species involved in the decline of *Fagus sylvatica* (beech)

Phytophthora cambivora

- 2005/163 - *Phytophthora* species involved in the decline of *Fagus sylvatica* (beech)

Phytophthora cinnamomi

- 2005/016 - Review paper on the composting of organic waste to eliminate plant pathogens and nematodes

Phytophthora citricola

- 2005/163 - *Phytophthora* species involved in the decline of *Fagus sylvatica* (beech)

Phytophthora gonapodyoides

- 2005/163 - *Phytophthora* species involved in the decline of *Fagus sylvatica* (beech)

Phytophthora hedraiandra

- 2005/162 - Other *Phytophthora* species recently described on forest or ornamental species

Phytophthora inflata

- 2005/163 - *Phytophthora* species involved in the decline of *Fagus sylvatica* (beech)

Phytophthora kernoviae

- 2005/164 - *Phytophthora kernoviae*: addition to the EPPO Alert List

Phytophthora nemorosa

- 2005/162 - Other *Phytophthora* species recently described on forest or ornamental species

Phytophthora pseudosyringae

- 2005/162 - Other *Phytophthora* species recently described on forest or ornamental species
- 2005/163 - *Phytophthora* species involved in the decline of *Fagus sylvatica* (beech)

EPPO Reporting Service

Phytophthora ramorum

- 2005/016 - Review paper on the composting of organic waste to eliminate plant pathogens and nematodes
- 2005/036 - Chemical control of *Phytophthora ramorum*
- 2005/037 - Real-time PCR to detect *Phytophthora ramorum*
- 2005/050 - Details on quarantine pests in Spain: 2004 situation
- 2005/072 - Surveys on *Bursaphelenchus xylophilus*, *Monilinia fructicola*, *Phytophthora ramorum* and *Pepino mosaic potexvirus* in Emilia-Romagna, Italy
- 2005/081 - EPPO Conference on *Phytophthora ramorum* and other forest pests (Cornwall, GB, 2005-10-05/07)
- 2005/158 - *Phytophthora ramorum* is not present in Austria
- 2005/159 - Recent information on *Phytophthora ramorum* in Europe
- 2005/160 - Situation of *Phytophthora ramorum* in USA
- 2005/161 - Rapid diagnostic test to distinguish between *Phytophthora ramorum* populations from America and Europe

Phytosanitary treatments

- 2005/045 - Irradiation treatment against *Rhagoletis pomonella*
- 2005/046 - Irradiation treatment against *Bactrocera dorsalis*, *Ceratitis capitata* and *B. cucurbitae*
- 2005/047 - Vapour heat treatment against *Maconellicoccus hirsutus*

Pinus strobus

- 2005/154 - Neophytes in Austria: habitat preferences and ecological effects

Pistia stratiotes

- 2005/138 - The Nature Conservation Act and invasive plants in Scotland (GB)
- 2005/146 - Noticeable plants in Landes and Pyrénées-Atlantiques (France) in 2004
- 2005/148 - Ecology of *Eichhornia crassipes* and *Pistia stratiotes* in the oriental maritime region of Togo

Plasmopara obducens

- 2005/106 - A new downy mildew of Impatiens (*Plasmopara obducens*) found in Germany
- 2005/107 - First record of *Plasmopara obducens* (Impatiens downy mildew) in United Kingdom
- 2005/108 - Addition of *Plasmopara obducens* to the EPPO Alert List

Plum pox potyvirus

- 2005/012 - Current situation of *Plum pox potyvirus* near Ankara, Turkey
- 2005/018 - First record of *Plum pox potyvirus* in Tunisia
- 2005/019 - First report of *Plum pox potyvirus* in Argentina
- 2005/020 - *Plum pox potyvirus* occurs in Kazakhstan
- 2005/050 - Details on quarantine pests in Spain: 2004 situation
- 2005/052 - Detection and eradication of *Plum pox potyvirus* M strains in Aragón (Spain)
- 2005/053 - First detection of *Plum pox potyvirus*-M strains in plum orchards in south-western Germany
- 2005/054 - Occurrence of *Plum pox potyvirus* on cherry in Czechia
- 2005/055 - Occurrence of *Plum pox potyvirus* on cherry in Turkey
- 2005/056 - Studies on natural hosts of *Plum pox potyvirus* (other than cultivated *Prunus*)
- 2005/057 - Studies on aphid vectors of *Plum pox potyvirus* in North America
- 2005/075 - Situation of several quarantine pests in Lithuania in 2004: first report of rhizomania

Poland

- 2005/017 - New data on quarantine pests and pests of the EPPO Alert List
- 2005/024 - First report of *Little cherry closterovirus-1* in Poland
- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List
- 2005/083 - First record of *Diabrotica virgifera* in Poland

Popillia japonica

- 2005/074 - Pests absent in Slovakia

EPPO Reporting Service

Portugal

- 2005/069 - Studies on *Bursaphelenchus* species associated with *Pinus pinaster* in Portugal
2005/136 - Management of the invasive species *Opuntia stricta* in a Botanical Reserve in Portugal

Potato deforming mosaic disease

- 2005/169 - Potato deforming mosaic disease is caused by *Tomato yellow vein streak begomovirus*

Potato spindle tuber pospiviroid

- 2005/067 - Viroids detected on tomato samples in the Netherlands

PRA

- 2005/008 - Invasion risk of *Homalodisca coagulata*, vector of *Xylella fastidiosa* in grapevine-growing regions of the world

Psacotha hilaris

- 2005/182 - Dead specimens of *Psacotha hilaris* found in Lombardia, Italy

Publications

- 2005/016 - Review paper on the composting of organic waste to eliminate plant pathogens and nematodes
2005/031 - New books on scale insects
2005/048 - EPPO Standards for the Efficacy Evaluation of Plant Protection Products: a new update is available
2005/049 - 'Vocabulary of Insect Common Names' on CD-Rom
2005/080 - PQR version 4.4 has now been released
2005/094 - CABI Crop Protection Compendium: 2005 version is now available
2005/095 - Book on exotic insects introduced in Lombardia (IT)
2005/096 - EPPO Reporting Service: all back issues are now directly available from the EPPO website
2005/155 - The NOBANIS Internet portal on invasive alien species is open

Puccinia horiana

- 2005/017 - New data on quarantine pests and pests of the EPPO Alert List

Puerto Rico

- 2005/076 - Further spread of *Aulacaspis yasumatsui*, a scale pest of Cycads

Purpurcinus spectabilis, Purpurcinus temminckii

- 2005/180 - Exotic forestry pests recently reported from the USA

Radopholus similis

- 2005/074 - Pests absent in Slovakia

Ralstonia solanacearum

- 2005/016 - Review paper on the composting of organic waste to eliminate plant pathogens and nematodes
2005/017 - New data on quarantine pests and pests of the EPPO Alert List
2005/050 - Details on quarantine pests in Spain: 2004 situation
2005/157 - Surveys on *Clavibacter michiganensis* subsp. *sepedonicus* and *Ralstonia solanacearum* in Germany (2004 potato production season)

Raspberry ringspot nepovirus

- 2005/074 - Pests absent in Slovakia

Regulations

- 2005/137 - Horticultural Code of Practice in Scotland (United Kingdom)
2005/138 - The Nature Conservation Act and invasive plants in Scotland (GB)

EPPO *Reporting Service*

Réunion

- 2005/041 - First report of *Iris yellow spot tospovirus* on onions in Réunion
- 2005/066 - First report of *Tomato chlorosis crinivirus* in Réunion

Reynoutria japonica

- 2005/127 - Invasive plants in Scotland (United Kingdom)
- 2005/135 - Cut-and-inject herbicide against *Reynoutria japonica* in United Kingdom
- 2005/138 - The Nature Conservation Act and invasive plants in Scotland (GB)
- 2005/173 - Isoenzyme diversity in *Reynoutria* taxa: escape from sterility by hybridization

Reynoutria sachalinensis*, *Reynoutria x bohemica

- 2005/173 - Isoenzyme diversity in *Reynoutria* taxa: escape from sterility by hybridization

Rhagoletis pomonella

- 2005/045 - Irradiation treatment against *Rhagoletis pomonella*

Rhizoecus hibisci

- 2005/074 - Pests absent in Slovakia

Rhododendron ponticum

- 2005/127 - Invasive plants in Scotland (United Kingdom)

Rhynchophorus ferrugineus

- 2005/006 - Use of sounds to detect *Rhynchophorus ferrugineus*
- 2005/050 - Details on quarantine pests in Spain: 2004 situation

Rhynchophorus palmarum

- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List
- 2005/140 - Recent additions to the EPPO Action List

Robinia pseudoacacia

- 2005/138 - The Nature Conservation Act and invasive plants in Scotland (GB)

Sagittaria montevidensis* subsp. *calycina

- 2005/065 - *Sagittaria montevidensis* subsp. *calycina* : a new weed species found in Spain

Salvinia molesta

- 2005/138 - The Nature Conservation Act and invasive plants in Scotland (GB)

Saudi Arabia

- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List

Scaphoideus titanus

- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List

Schinus terebinthifolius

- 2005/132 - Potential allelopathic effects of *Schinus terebinthifolius* on selected Florida native plants

Scirtothrips dorsalis

- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List
- 2005/187 - *Scirtothrips dorsalis* found in Florida (US)

EPPO Reporting Service

Scolytus schevyrewi

- 2005/180 - Exotic forestry pests recently reported from the USA
- 2005/181 - *Scolytus schevyrewi* (banded elm bark beetle): addition to the EPPO Alert List

Senecio inaequidens

- 2005/050 - Details on quarantine pests in Spain: 2004 situation

Serbia and Montenegro

- 2005/038 - First report of *Citrus tristeza closterovirus* in Serbia and Montenegro
- 2005/113 - Pear decline found in Serbia and Montenegro

Sicyos angulatus

- 2005/050 - Details on quarantine pests in Spain: 2004 situation

Singapore

- 2005/076 - Further spread of *Aulacaspis yasumatsui*, a scale pest of Cycads

Sirex noctilio

- 2005/180 - Exotic forestry pests recently reported from the USA

Sirococcus clavignenti-juglandacearum

- 2005/140 - Recent additions to the EPPO Action List

Slovakia

- 2005/073 - *Aphelenchoides besseyi* does not occur in Slovakia
- 2005/074 - Pests absent in Slovakia
- 2005/088 - 2004 survey on *Bursaphelenchus xylophilus* in Slovakia
- 2005/090 - Current situation of *Erwinia amylovora* in Slovakia

Slovenia

- 2005/027 - PCR to differentiate hop pathotypes of *Verticillium albo-atrum* in Slovenia
- 2005/098 - Surveys on pine nematodes in Slovenia: absence of *Bursaphelenchus xylophilus*
- 2005/176 - First report of *Eutypella parasitica* in Slovenia: addition to the EPPO Alert List

Solanum elaeagnifolium

- 2005/128 - Two naturalized taxa in the Iberian Peninsula present in west Andalusia (Spain)
- 2005/129 - Presence of *Solanum elaeagnifolium* in the North of Spain

Solanum physalifolium

- 2005/174 - A survey of weeds that are increasingly spreading in Europe

Sorghum bicolor*, *Sorghum nigrum

- 2005/174 - A survey of weeds that are increasingly spreading in Europe

South Africa

- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List

Spain

- 2005/013 - Bean yellow disorder crinivirus: a new whitefly-transmitted virus of bean crops found in Spain
- 2005/017 - New data on quarantine pests and pests of the EPPO Alert List
- 2005/025 - Weed hosts of *Pepino mosaic potyvirus*
- 2005/042 - Characterization of *Erwinia amylovora* strains collected in Spain
- 2005/050 - Details on quarantine pests in Spain: 2004 situation
- 2005/052 - Detection and eradication of *Plum pox potyvirus* M strains in Aragón (Spain)

EPPO Reporting Service

- 2005/070 - Survey on nematodes associated with *Pinus* trees in Spain: absence of *Bursaphelenchus xylophilus*
2005/078 - First report of *Brenneria quercina* causing bark canker on oaks in Spain: addition to the EPPO Alert List
2005/097 - First record of *Gibberella circinata* (pine pitch canker) in Spain
2005/128 - Two naturalized taxa in the Iberian Peninsula present in west Andalusia (Spain)
2005/129 - Presence of *Solanum elaeagnifolium* in the North of Spain
2005/141 - First report of *Iris yellow spot tospovirus* in Spain
2005/175 - *Ferraria crispa* found in the South-west of Spain

Spiroplasma citri

- 2005/074 - Pests absent in Slovakia

Spodoptera littoralis

- 2005/074 - Pests absent in Slovakia

Sternochetus mangiferae

- 2005/002 - First report of *Sternochetus mangiferae* in Yemen

Stolbur phytoplasma (bois noir)

- 2005/017 - New data on quarantine pests and pests of the EPPO Alert List
2005/060 - Phytoplasma classification

Strawberry crinkle cytorhabdovirus

- 2005/074 - Pests absent in Slovakia
2005/105 - Multiplex RT-PCR method to detect four aphid-borne strawberry viruses

Strawberry latent ringspot sadwavirus

- 2005/017 - New data on quarantine pests and pests of the EPPO Alert List
2005/074 - Pests absent in Slovakia

Strawberry marginal chlorosis disease

- 2005/104 - Studies on marginal chlorosis of strawberry

Strawberry mild yellow edge potyvirus

- 2005/105 - Multiplex RT-PCR method to detect four aphid-borne strawberry viruses

Strawberry mottle virus

- 2005/105 - Multiplex RT-PCR method to detect four aphid-borne strawberry viruses

Strawberry vein banding caulimovirus

- 2005/105 - Multiplex RT-PCR method to detect four aphid-borne strawberry viruses

Strobilomya viaria

- 2005/140 - Recent additions to the EPPO Action List

Stromatium barbatum

- 2005/180 - Exotic forestry pests recently reported from the USA

Sweden

- 2005/185 - First report of *Glomerella acutata* in Sweden

Switzerland

- 2005/172 - An inventory of alien species and their threat to biodiversity and economy in Switzerland

EPPO Reporting Service

Synchytrium endobioticum

- 2005/016 - Review paper on the composting of organic waste to eliminate plant pathogens and nematodes
2005/034 - First report of *Synchytrium endobioticum* in Turkey

Taiwan

- 2005/147 - *Asystasia gangetica* subsp. *micrantha*, a newly naturalized plant in Taiwan

Taxonomy

- 2005/009 - *Phytophthora alni* sp. nov. and its variants described as causal agents of a new disease of alder in Europe
2005/060 - Phytoplasma classification
2005/061 - Peach rosette, little peach, red suture and western X-disease phytoplasmas are closely related
2005/170 - The correct anamorph stage of *Mycosphaerella eumusae* is *Pseudocercospora eumusae*

Tetranychus evansi

- 2005/028 - First report of *Tetranychus evansi* in France

Thecaphora solani

- 2005/068 - Recent studies on *Thecaphora solani*

Thrips palmi

- 2005/004 - More details about the eradication of *Thrips palmi* in United Kingdom

Tobacco ringspot nepovirus

- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List

Togo

- 2005/148 - Ecology of *Eichhornia crassipes* and *Pistia stratiotes* in the oriental maritime region of Togo

Tomato apical stunt pospiviroid

- 2005/067 - Viroids detected on tomato samples in the Netherlands

Tomato black ring nepovirus

- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List
2005/074 - Pests absent in Slovakia

Tomato chlorosis crinivirus

- 2005/011 - First report of *Tomato chlorosis crinivirus* in Israel
2005/050 - Details on quarantine pests in Spain: 2004 situation
2005/066 - First report of *Tomato chlorosis crinivirus* in Réunion
2005/143 - First report of *Tomato infectious chlorosis crinivirus* in France and current situation of *Tomato chlorosis crinivirus*
2005/168 - First report of *Tomato chlorosis crinivirus* in Cyprus

Tomato chlorotic dwarf pospiviroid

- 2005/067 - Viroids detected on tomato samples in the Netherlands

Tomato infectious chlorosis crinivirus

- 2005/143 - First report of *Tomato infectious chlorosis crinivirus* in France and current situation of *Tomato chlorosis crinivirus*

Tomato planta macho pospiviroid

- 2005/067 - Viroids detected on tomato samples in the Netherlands

EPPO *Reporting Service*

Tomato ringspot nepovirus

- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List
- 2005/115 - First report of *Apple mosaic ilarvirus* and *Tomato ringspot nepovirus* in Jordan

Tomato spotted wilt tospovirus

- 2005/016 - Review paper on the composting of organic waste to eliminate plant pathogens and nematodes
- 2005/050 - Details on quarantine pests in Spain: 2004 situation

Tomato Varamin virus

- 2005/118 - Tomato Varamin virus: a new tospovirus of tomatoes in Iran

Tomato yellow leaf curl begomovirus

- 2005/074 - Pests absent in Slovakia

Tomato yellow leaf curl virus

- 2005/050 - Details on quarantine pests in Spain: 2004 situation

Tomato yellow vein streak begomovirus

- 2005/169 - Potato deforming mosaic disease is caused by *Tomato yellow vein streak begomovirus*

Toxoptera citricida

- 2005/021 - *Toxoptera citricida* does not occur in Iran
- 2005/057 - Studies on aphid vectors of *Plum pox potyvirus* in North America

Tunisia

- 2005/017 - New data on quarantine pests and pests of the EPPO Alert List
- 2005/018 - First record of *Plum pox potyvirus* in Tunisia

Turkey

- 2005/012 - Current situation of *Plum pox potyvirus* near Ankara, Turkey
- 2005/034 - First report of *Synchytrium endobioticum* in Turkey
- 2005/055 - Occurrence of *Plum pox potyvirus* on cherry in Turkey
- 2005/112 - First report of *Alternaria mali* in Turkey
- 2005/186 - Further finding of *Liriomyza sativae* in Turkey

Ukraine

- 2005/017 - New data on quarantine pests and pests of the EPPO Alert List

United Kingdom

- 2005/004 - More details about the eradication of *Thrips palmi* in United Kingdom
- 2005/107 - First record of *Plasmopara obducens* (Impatiens downy mildew) in United Kingdom
- 2005/127 - Invasive plants in Scotland (United Kingdom)
- 2005/134 - Techniques for controlling *Crassula helmsii* in United Kingdom
- 2005/135 - Cut-and-inject herbicide against *Reynoutria japonica* in United Kingdom
- 2005/137 - Horticultural Code of Practice in Scotland (United Kingdom)
- 2005/138 - The Nature Conservation Act and invasive plants in Scotland (GB)
- 2005/145 - *Ericaphis fimbriata* occurs in Europe
- 2005/153 - Audit of non-native species in England, UK
- 2005/159 - Recent information on *Phytophthora ramorum* in Europe
- 2005/164 - *Phytophthora kernoviae*: addition to the EPPO Alert List
- 2005/184 - Situation of *Mycosphaerella pini* in the United Kingdom

US Virgin Islands

- 2005/076 - Further spread of *Aulacaspis yasumatsui*, a scale pest of Cycads

EPPO Reporting Service

USA

- 2005/017 - New data on quarantine pests and pests of the EPPO Alert List
- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List
- 2005/058 - *Citrus tristeza closterovirus* occurs in Alabama (US)
- 2005/082 - First report of *Liberibacter asiaticus* in USA
- 2005/132 - Potential allelopathic effects of *Schinus terebinthifolius* on selected Florida native plants
- 2005/151 - *Ampelopsis brevipedunculata*, still spreading in the Eastern United States
- 2005/160 - Situation of *Phytophthora ramorum* in USA
- 2005/178 - First record of *Anoplophora glabripennis* in California (US)
- 2005/180 - Exotic forestry pests recently reported from the USA
- 2005/187 - *Scirtothrips dorsalis* found in Florida (US)

Uzbekistan

- 2005/032 - EPPO welcomes Uzbekistan as its 47th member country

Venezuela

- 2005/033 - New data on quarantine pests and pests of the EPPO Alert List
