EPPO Reporting Service

No. 12 PARIS, 2007-12-01

CONTENTS

[2007/229](#) - Index of the EPPO Reporting Service

2007/229 Index of the EPPO Reporting Service

The following index covers all Reporting Service articles published in 2007. This index is also available as an Excel file from the EPPO Web site:

http://archives.eppo.org/EPPOReporting/Reporting_Archives.htm

Absence

- 2007/025 - *Peronosclerospora sorghi* does not occur in Australia
- 2007/028 - Survey on glasshouse thrips and tospoviruses in Hungary
- 2007/029 - Surveys on grapevine yellows and insect vectors in Hungary
- 2007/134 - Invasive and quarantine pests in forests in Slovakia
- 2007/152 - *Brevipalpus californicus* does not occur in France
- 2007/153 - *Phakopsora euvitis* eradicated from Australia
- 2007/178 - Surveys on *Phytophthora* species in Lithuania
- 2007/180 - Surveys on *Globodera* species in Lithuania
- 2007/193 - *Cucumber vein yellowing virus* is no longer found in France

Abutilon theophrasti

- 2007/202 - Economical estimates of weeds: the examples of *Sicyos angulatus* and *Abutilon theophrasti* in Catalunya, Spain

Acacia dealbata

- 2007/083 - Participation of the nursery industry in controlling invasive alien plants: a booklet of substitute plants for southern France

Acacia saligna

- 2007/207 - Worst invasive alien species threatening biodiversity in Europe

Acanalonia conica

- 2007/217 - First record of *Acanalonia conica* in Italy

Acer negundo

- 2007/207 - Worst invasive alien species threatening biodiversity in Europe

Acizzia jamatonica

- 2007/137 - Details on quarantine pests in Spain: 2006 situation

Aculops fuchsiae

- 2007/087 - First record of *Aculops fuchsiae* in Guernsey
- 2007/109 - First report of *Aculops fuchsiae* in Jersey
- 2007/165 - New additions to the EPPO Lists
- 2007/170 - First report of *Aculops fuchsiae* in Southern England, United Kingdom
- 2007/171 - Situation of *Aculops fuchsiae* in France
- 2007/172 - Update on the situation of *Aculops fuchsiae* in Jersey

Agrilus planipennis

- 2007/067 - First report of *Agrilus planipennis* in the region of Moscow, Russia
- 2007/068 - *Tetrastichus planipennisi* is a parasitoid of *Agrilus planipennis* in China
- 2007/132 - First report of *Agrilus planipennis* in Pennsylvania (US)

Ailanthus altissima

- 2007/083 - Participation of the nursery industry in controlling invasive alien plants: a booklet of substitute plants for southern France
- 2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers
- 2007/100 - Bioenergy and invasive plants in Italy

Albania

- 2007/187 - New data on quarantine pests and pests of the EPPO Alert List

Alert List

- 2007/179 - Ash dieback in Europe and possible implication of *Chalara fraxinea*: addition to the EPPO Alert List
- 2007/204 - *Polygonum perfoliatum* in the EPPO region: addition to the EPPO Alert List
- 2007/205 - *Hakea sericea* in the EPPO region: addition to the EPPO Alert List
- 2007/206 - *Alternanthera philoxeroides* in the EPPO Region: addition to the EPPO Alert List
- 2007/215 - Incursion of *Diaphania perspectalis* in Germany and addition to the EPPO Alert List
- 2007/227 - *Salvinia molesta* in the EPPO region : addition to the EPPO Alert List
- 2007/228 - *Fallopia baldschuanica* in the EPPO region : addition to the EPPO Alert List

Aleuroclava guyavae

- 2007/196 - First report of *Aleuroclava guyavae* in Italy

Alternanthera philoxeroides

- 2007/103 - A potential biocontrol agent for *Alternanthera philoxeroides*
- 2007/206 - *Alternanthera philoxeroides* in the EPPO Region: addition to the EPPO Alert List

Alternaria mali

- 2007/092 - First report of *Alternaria mali* in Iran

AI-Wijam disease of date palm

- 2007/076 - Recent studies on the phytoplasmas associated with the AI-Wijam disease of date palm

Ambrosia artemisiifolia

- 2007/020 - Workshop: Feasibility of Biological Control of *Ambrosia artemisiifolia* in Europe
- 2007/123 - Pathway analysis: alien plants introduced through the bird seed pathway
- 2007/184 - Noxious weeds in set-aside areas: results of a nationwide network in Switzerland
- 2007/186 - Feasibility of biological control of *Ambrosia artemisiifolia* in Europe

Ambrosiodmus

- 2007/121 - Identification key for Xyleborina beetles occurring in North America

Amorpha fruticosa

- 2007/083 - Participation of the nursery industry in controlling invasive alien plants: a booklet of substitute plants for southern France

Anastrepha fraterculus

- 2007/033 - New data on quarantine pests and pests of the EPPO Alert List

Anastrepha obliqua

- 2007/033 - New data on quarantine pests and pests of the EPPO Alert List

Anastrepha serpentina

- 2007/033 - New data on quarantine pests and pests of the EPPO Alert List

Anatrachyntis badia

- 2007/218 - First record of *Anatrachyntis badia* in Italy

Anoplophora chinensis

- 2007/165 - New additions to the EPPO Lists

Anoplophora glabripennis

- 2007/047 - Current situation of *Anoplophora glabripennis* in Canada
- 2007/134 - Invasive and quarantine pests in forests in Slovakia
- 2007/166 - First record of *Anoplophora glabripennis* in Italy

Aphis illinoisensis

- 2007/034 - Aphid species recently reported as new introductions

Asclepias syriaca

- 2007/225 - Weeds of the future: garden plants which may threaten grasslands in Australia

Aster novi-belgii

2007/207 - Worst invasive alien species threatening biodiversity in Europe

Aulacaspis yasumatsui

2007/220 - Surveys on scale insects in the French Antilles and other Caribbean islands

Australia

- 2007/025 - *Peronosclerospora sorghi* does not occur in Australia
- 2007/061 - Nursery and garden industry initiative in Australia: the Invasive Plants Policy Position
- 2007/062 - The “Grow me instead” initiative in Australia
- 2007/063 - Awards for the most “Weed Wise” retail nurseries in Australasia
- 2007/073 - First report of *Plasmopara obducens* in Australia
- 2007/153 - *Phakopsora euvitis* eradicated from Australia
- 2007/162 - A proposed mandatory labelling scheme for invasive species
- 2007/182 - Weeds of national significance in Australia
- 2007/225 - Weeds of the future: garden plants which may threaten grasslands in Australia

Austria

- 2007/006 - First report of *Pepino mosaic virus* in Austria
- 2007/051 - First report of *Eutypella parasitica* in Austria
- 2007/187 - New data on quarantine pests and pests of the EPPO Alert List

Azerbaijan

- 2007/072 - First report of *Cryphonectria parasitica* in Azerbaijan
- 2007/208 - EPPO welcomes Azerbaijan as its 49th member country

Azolla filiculoides

- 2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers
- 2007/224 - Substitute species to garden pond plants in Scotland, United Kingdom

Baccharis halimifolia

- 2007/083 - Participation of the nursery industry in controlling invasive alien plants: a booklet of substitute plants for southern France
- 2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers

Bactrocera correcta

2007/150 - New records of *Bactrocera invadens*, *B. zonata* and other fruit fly species in Bhutan

Bactrocera cucurbitae

- 2007/045 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/216 - Invasive *Bactrocera* species in Africa

Bactrocera dorsalis

- 2007/045 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/187 - New data on quarantine pests and pests of the EPPO Alert List

Bactrocera invadens

- 2007/150 - New records of *Bactrocera invadens*, *B. zonata* and other fruit fly species in Bhutan
- 2007/216 - Invasive *Bactrocera* species in Africa

Bactrocera latifrons

- 2007/033 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/216 - Invasive *Bactrocera* species in Africa

Bactrocera minax

2007/150 - New records of *Bactrocera invadens*, *B. zonata* and other fruit fly species in Bhutan

Bactrocera tau

2007/150 - New records of *Bactrocera invadens*, *B. zonata* and other fruit fly species in Bhutan

Bactrocera zonata

- 2007/150 - New records of *Bactrocera invadens*, *B. zonata* and other fruit fly species in Bhutan
 2007/216 - Invasive *Bactrocera* species in Africa

Banana streak virus

- 2007/057 - Virus diseases newly reported from Egypt

Beet necrotic ringspot virus

- 2007/057 - Virus diseases newly reported from Egypt

Belgium

- 2007/133 - *Ips duplicatus* trapped in Belgium

Bemisia tabaci

- 2007/107 - New data on quarantine pests and pests of the EPPO Alert List
 2007/137 - Details on quarantine pests in Spain: 2006 situation
 2007/158 - Surveys on tomato-infecting begomoviruses and *Bemisia tabaci* in Morocco

Benin

- 2007/033 - New data on quarantine pests and pests of the EPPO Alert List
 2007/216 - Invasive *Bactrocera* species in Africa

Bhutan

- 2007/150 - New records of *Bactrocera invadens*, *B. zonata* and other fruit fly species in Bhutan

Bidens frondosa

- 2007/123 - Pathway analysis: alien plants introduced through the bird seed pathway

Bioenergy

- 2007/100 - Bioenergy and invasive plants in Italy

Biological control

- 2007/068 - *Tetrastichus planipennis* is a parasitoid of *Agrilus planipennis* in China
 2007/103 - A potential biocontrol agent for *Alternanthera philoxeroides*
 2007/186 - Feasibility of biological control of *Ambrosia artemisiifolia* in Europe

Biology

- 2007/013 - Recent studies on the biology and taxonomy of *Ophelimus maskelli*
 2007/030 - Possible transovarial transmission of 'Candidatus Phytoplasma prunorum' by *Cacopsylla pruni*
 2007/050 - Association of *Ophiostoma novo-ulmi* with *Scolytus schevyrewi*
 2007/059 - Transmission of 'Candidatus Phytoplasma aurantifoliae' by *Hishimonus phycitis*
 2007/070 - Oak mortality in Japan is caused by *Raffaelea quercivora* and its insect vector *Platypus quercivorus*
 2007/075 - 'Candidatus Phytoplasma palmae' detected in *Cedusa* sp. (Homoptera : Derbidae) in Jamaica
 2007/076 - Recent studies on the phytoplasmas associated with the Al-Wijam disease of date palm
 2007/079 - Genetic studies of *Pepino mosaic virus* in Spain
 2007/115 - Further studies on *Tomato apical stunt viroid*
 2007/140 - Does temperature limit the invasion of *Impatiens glandulifera* and *Heracleum mantegazzianum* in the United Kingdom?
 2007/142 - Invasion of the palm *Trachycarpus fortunei* in Japan

Blackberry chlorotic ringspot virus

- 2007/112 - Blackberry chlorotic ringspot: a new virus of *Rubus*

Blackberry yellow vein associated virus

- 2007/113 - Blackberry yellow vein associated virus: a new virus of *Rubus*

Blastopsylla occidentalis

- 2007/151 - *Blastopsylla occidentalis*, *Leptocybe invasa* and *Ophelimus maskelli*: three new pests of eucalyptus in Turkey

Blueberry scorch virus

- 2007/080 - New data on quarantine pests and pests of the EPPO Alert List
 2007/165 - New additions to the EPPO Lists

Bois noir phytoplasma

- 2007/029 - Surveys on grapevine yellows and insect vectors in Hungary

Brazil

- 2007/033 - New data on quarantine pests and pests of the EPPO Alert List
 2007/080 - New data on quarantine pests and pests of the EPPO Alert List
 2007/187 - New data on quarantine pests and pests of the EPPO Alert List

Brenneria quercina

- 2007/187 - New data on quarantine pests and pests of the EPPO Alert List

Brevipalpus californicus

- 2007/152 - *Brevipalpus californicus* does not occur in France
 2007/219 - Details on the situation of several *Brevipalpus* species in France and its overseas territories and departments

Brevipalpus phoenicis

- 2007/219 - Details on the situation of several *Brevipalpus* species in France and its overseas territories and departments

Brevipalpus styxus

- 2007/219 - Details on the situation of several *Brevipalpus* species in France and its overseas territories and departments

Brevipalpus trinidadensis

- 2007/219 - Details on the situation of several *Brevipalpus* species in France and its overseas territories and departments

Brunnera macrophylla

- 2007/099 - *Brunnera macrophylla*, an alien plant new in Italian flora

Buddleia davidii

- 2007/083 - Participation of the nursery industry in controlling invasive alien plants: a booklet of substitute plants for southern France
 2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers
 2007/184 - Noxious weeds in set-aside areas: results of a nationwide network in Switzerland

Bunias orientalis

- 2007/207 - Worst invasive alien species threatening biodiversity in Europe

Cabomba caroliniana

- 2007/016 - Pathway analysis: aquatic plants imported in France
 2007/017 - Invasion risks posed by the aquarium trade on the Great Lakes and consequences for the EPPO region
 2007/018 - Movement of invasive aquatic plants through the horticultural trade: the example of Minnesota (US)
 2007/182 - Weeds of national significance in Australia
 2007/224 - Substitute species to garden pond plants in Scotland, United Kingdom
 2007/226 - First report of *Cabomba caroliniana* in France

Cacopsylla pruni

- 2007/030 - Possible transovarial transmission of 'Candidatus Phytoplasma prunorum' by *Cacopsylla pruni*

Cameraria ohridella

- 2007/134 - Invasive and quarantine pests in forests in Slovakia
 2007/137 - Details on quarantine pests in Spain: 2006 situation

Canada

- 2007/046 - *Rhagoletis pomonella* found in British Columbia, Canada
- 2007/047 - Current situation of *Anoplophora glabripennis* in Canada
- 2007/080 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/156 - Situation of *Globodera rostochiensis* and *G. pallida* in Canada
- 2007/212 - *Synchytrium endobioticum* detected in Prince Edward Island, Canada
- 2007/213 - *Globodera rostochiensis* detected in Alberta, Canada

Carpobrotus

- 2007/083 - Participation of the nursery industry in controlling invasive alien plants: a booklet of substitute plants for southern France

Carpobrotus edulis

- 2007/100 - Bioenergy and invasive plants in Italy

***Cedusa* sp.**

- 2007/075 - 'Candidatus Phytoplasma palmae' detected in *Cedusa* sp. (Homoptera : Derbidae) in Jamaica

Cenchrus incertus

- 2007/123 - Pathway analysis: alien plants introduced through the bird seed pathway

Cerataphis brasiliensis

- 2007/034 - Aphid species recently reported as new introductions

Ceratitis capitata

- 2007/033 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/137 - Details on quarantine pests in Spain: 2006 situation

Ceratitis quinaria

- 2007/033 - New data on quarantine pests and pests of the EPPO Alert List

Ceratocystis fimbriata* f.sp. *platani

- 2007/010 - New outbreaks of *Ceratocystis fimbriata* f.sp. *platani* in France
- 2007/189 - Details on the situation of *Ceratocystis fimbriata* f.sp. *platani* in Greece

Chalara fraxinea

- 2007/179 - Ash dieback in Europe and possible implication of *Chalara fraxinea*: addition to the EPPO Alert List

Chile

- 2007/045 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/135 - *Homalodisca vitripennis* (*H. coagulata*) is spreading in the Pacific

China

- 2007/045 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/068 - *Tetrastichus planipennis* is a parasitoid of *Agrilus planipennis* in China
- 2007/080 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/117 - Studies on bacterial leaf spot of poinsettia in China
- 2007/155 - *Glomerella acutata* found on strawberry in China
- 2007/187 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Chromolaena odorata

- 2007/038 - A proposed prioritization system for the management of invasive alien plants in South Africa

Chrysanthemum stem necrosis virus

- 2007/097 - First report of *Chrysanthemum stem necrosis virus* in Japan

Chrysanthemum stunt viroid

- 2007/187 - New data on quarantine pests and pests of the EPPO Alert List

Ciborinia camelliae

- 2007/137 - Details on quarantine pests in Spain: 2006 situation

Citrus tristeza virus

- 2007/026 - *Citrus tristeza virus* found in the Eastern Black Sea region of Turkey
- 2007/027 - Stem-pitting strains of *Citrus tristeza virus* reported in Croatia
- 2007/137 - Details on quarantine pests in Spain: 2006 situation

Clavibacter michiganensis* subsp. *michiganensis

- 2007/090 - *Clavibacter michiganensis* subsp. *michiganensis* found in the Netherlands on tomato plants for planting
- 2007/107 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/137 - Details on quarantine pests in Spain: 2006 situation

Coconut lethal yellowing phytoplasma

- 2007/107 - New data on quarantine pests and pests of the EPP0 Alert List

Code of conduct

- 2007/081 - Voluntary codes of conduct in the USA
- 2007/082 - Horticultural codes of practice in the United Kingdom
- 2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers
- 2007/161 - Preventing introductions of invasive plants for horticultural purposes through voluntary initiatives in the USA
- 2007/162 - A proposed mandatory labelling scheme for invasive species

Colombia

- 2007/107 - New data on quarantine pests and pests of the EPP0 Alert List

Conference

- 2007/020 - Workshop: Feasibility of Biological Control of *Ambrosia artemisiifolia* in Europe
- 2007/036 - Symposium on 'Import and contained use of plant pests or potential plant pests, a game without borders', Wageningen, NL, 2007-05-31/06-01
- 2007/037 - EPP0 Workshop on Pest Reporting, Lyon, FR, 2007-05-14/16: last call
- 2007/044 - XIV European Weed Research Society Symposium
- 2007/065 - XVI International Plant Protection Congress (Glasgow, GB, 2007-10-15/18)
- 2007/106 - 9th EMAPI Conference and 2nd WRA international workshop to be held in Perth (AU)
- 2007/144 - International Conference on Novel and Sustainable Weed Management in Arid and Semi-Arid Agro-Ecosystems, Rehovot (IL), 2007-10-07/12

Cortaderia selloana

- 2007/041 - Plants newly naturalized in North-Western France (Maine-et-Loire)
- 2007/083 - Participation of the nursery industry in controlling invasive alien plants: a booklet of substitute plants for southern France
- 2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers

Côte d'Ivoire

- 2007/216 - Invasive *Bactrocera* species in Africa

Crassula helmsii

- 2007/016 - Pathway analysis: aquatic plants imported in France
- 2007/017 - Invasion risks posed by the aquarium trade on the Great Lakes and consequences for the EPP0 region
- 2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers
- 2007/224 - Substitute species to garden pond plants in Scotland, United Kingdom

Croatia

- 2007/027 - Stem-pitting strains of *Citrus tristeza virus* reported in Croatia

Cryphonectria parasitica

- 2007/072 - First report of *Cryphonectria parasitica* in Azerbaijan
- 2007/134 - Invasive and quarantine pests in forests in Slovakia
- 2007/137 - Details on quarantine pests in Spain: 2006 situation

Cucumber vein yellowing virus

- 2007/137 - Details on quarantine pests in Spain: 2006 situation
- 2007/157 - First report of *Cucumber vein yellowing virus* in Iran
- 2007/193 - *Cucumber vein yellowing virus* is no longer found in France

Cucurbit yellow stunting disorder virus

- 2007/033 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/045 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/107 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/137 - Details on quarantine pests in Spain: 2006 situation

Cylindrocladium buxicola

- 2007/045 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/107 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/107 - New data on quarantine pests and pests of the EPP0 Alert List

Cyperus esculentus

- 2007/122 - Pathway analysis: production and processing of small seeds for birds

Cyprus

- 2007/022 - First report of *Rhynchophorus ferrugineus* in Cyprus
- 2007/127 - Typing of *Plum pox virus* strains in Cyprus

Czech Republic

- 2007/071 - *Phytophthora alni* identified in the Czech Republic
- 2007/107 - New data on quarantine pests and pests of the EPP0 Alert List

Denied record

- 2007/025 - *Peronosclerospora sorghi* does not occur in Australia
- 2007/152 - *Brevipalpus californicus* does not occur in France
- 2007/216 - Invasive *Bactrocera* species in Africa
- 2007/219 - Details on the situation of several *Brevipalpus* species in France and its overseas territories and departments

Derelomus piriformis

- 2007/069 - New arthropods identified in Israel

Detailed record

- 2007/003 - Further reports of *Rhynchophorus ferrugineus* in Puglia and Sardegna, Italy
- 2007/004 - Situation of *Diabrotica virgifera* in France in 2006
- 2007/005 - Current situation of *Ralstonia solanacearum* in Turkey
- 2007/006 - First report of *Pepino mosaic virus* in Austria
- 2007/008 - Iris yellow spot virus detected on Eustoma in the Netherlands
- 2007/009 - *Plum pox virus* found near Adana and İçel (Mediterranean region), Turkey
- 2007/010 - New outbreaks of *Ceratocystis fimbriata* f.sp. *platani* in France
- 2007/011 - Grapevine flavescence dorée found in Bourgogne, France
- 2007/023 - Situation of *Rhynchophorus ferrugineus* in Spain
- 2007/026 - *Citrus tristeza virus* found in the Eastern Black Sea region of Turkey
- 2007/027 - Stem-pitting strains of *Citrus tristeza virus* reported in Croatia
- 2007/028 - Survey on glasshouse thrips and tospoviruses in Hungary
- 2007/029 - Surveys on grapevine yellows and insect vectors in Hungary
- 2007/033 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/040 - New data on the biology and ecology of *Pueraria lobata*
- 2007/041 - Plants newly naturalized in North-Western France (Maine-et-Loire)
- 2007/045 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/046 - *Rhagoletis pomonella* found in British Columbia, Canada
- 2007/047 - Current situation of *Anoplophora glabripennis* in Canada
- 2007/048 - Further details on the situation of *Rhynchophorus ferrugineus* in Corsica (FR)
- 2007/056 - New records of *Iris yellow spot virus* in the USA
- 2007/080 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/086 - *Dryocosmus kuriphilus* found in the south of France (Alpes-Maritimes)
- 2007/088 - Situation of *Diabrotica virgifera* in Poland in 2006
- 2007/089 - Situation of *Rhynchophorus ferrugineus* in Turkey in 2006

- 2007/091 - Situation of *Ralstonia solanacearum* in Turkey in 2006
 2007/093 - Situation of *Synchytrium endobioticum* in Turkey in 2006
 2007/095 - *Phytophthora ramorum* in Norway
 2007/102 - *Ludwigia peploides* and *Eichhornia crassipes* found in Corsica (FR)
 2007/107 - New data on quarantine pests and pests of the EPP0 Alert List
 2007/108 - Further details on the situation of *Erwinia amylovora* in Morocco
 2007/110 - First report of *Globodera rostochiensis* in Mallorca (Balears, ES)
 2007/117 - Studies on bacterial leaf spot of poinsettia in China
 2007/127 - Typing of *Plum pox virus* strains in Cyprus
 2007/128 - Studies on a new disease of tomato in Spain called 'torrao' or 'cribado'
 2007/129 - Situation of *Pepino mosaic potexvirus* in Switzerland
 2007/130 - Situation of flavescence dorée and its vector *Scaphoideus titanus* in Switzerland
 2007/131 - Molecular studies confirm the presence of '*Candidatus Liberibacter asiaticus*' in Pakistan
 2007/132 - First report of *Agrilus planipennis* in Pennsylvania (US)
 2007/134 - Invasive and quarantine pests in forests in Slovakia
 2007/135 - *Homalodisca vitripennis* (*H. coagulata*) is spreading in the Pacific
 2007/137 - Details on quarantine pests in Spain: 2006 situation
 2007/151 - *Blastopsylla occidentalis*, *Leptocybe invasa* and *Ophelimus maskelli*: three new pests of eucalyptus in Turkey
 2007/155 - *Glomerella acutata* found on strawberry in China
 2007/156 - Situation of *Globodera rostochiensis* and *G. pallida* in Canada
 2007/156 - Situation of *Globodera rostochiensis* and *G. pallida* in Canada
 2007/158 - Surveys on tomato-infecting begomoviruses and *Bemisia tabaci* in Morocco
 2007/167 - Details on the situation of *Rhynchophorus ferrugineus* in Sicilia, Italy
 2007/168 - Details on the situation of *Rhynchophorus ferrugineus* in France in 2007
 2007/169 - Situation of *Diabrotica virgifera* in France in 2007
 2007/171 - Situation of *Aculops fuchsiae* in France
 2007/172 - Update on the situation of *Aculops fuchsiae* in Jersey
 2007/175 - Studies on *Ralstonia solanacearum* in Korea Republic
 2007/176 - *Ralstonia solanacearum* reported in Greece
 2007/177 - Details about the situation of *Phytophthora ramorum* in France
 2007/180 - Surveys on *Globodera* species in Lithuania
 2007/187 - New data on quarantine pests and pests of the EPP0 Alert List
 2007/189 - Details on the situation of *Ceratocystis fimbriata* f.sp. *platani* in Greece
 2007/198 - Studies on pear decline in Taiwan
 2007/210 - New data on quarantine pests and pests of the EPP0 Alert List
 2007/212 - *Synchytrium endobioticum* detected in Prince Edward Island, Canada
 2007/213 - *Globodera rostochiensis* detected in Alberta, Canada
 2007/214 - First report of *Xanthomonas axonopodis* pv. *poinsettiicola* on *Euphorbia pulcherrima* in Lombardia (IT)
 2007/220 - Surveys on scale insects in the French Antilles and other Caribbean islands

Deuterophoma tracheiphila

- 2007/120 - Real-time PCR test for the identification and detection of *Deuterophoma tracheiphila*

Diabrotica virgifera

- 2007/004 - Situation of *Diabrotica virgifera* in France in 2006
 2007/088 - Situation of *Diabrotica virgifera* in Poland in 2006
 2007/146 - Incursion of *Diabrotica virgifera virgifera* in Germany
 2007/169 - Situation of *Diabrotica virgifera* in France in 2007

Diagnostics

- 2007/014 - PCR test to distinguish between *Guignardia citricarpa* and *G. mangiferae*
 2007/031 - Molecular characterization and detection of *Peach mosaic virus*
 2007/032 - Nested PCR test to detect *Xanthomonas axonopodis* pv. *dieffenbachiae* in *Anthurium*
 2007/045 - New data on quarantine pests and pests of the EPP0 Alert List
 2007/060 - Australian diagnostic protocol for *Tilletia indica*
 2007/118 - A new PCR test to detect *Tilletia indica*
 2007/119 - New PCR tests to detect *Fusarium foetens*
 2007/120 - Real-time PCR test for the identification and detection of *Deuterophoma tracheiphila*
 2007/121 - Identification key for Xyleborina beetles occurring in North America
 2007/159 - Direct detection of *Erwinia amylovora* in plant tissues by PCR
 2007/199 - A new real-time PCR test to detect *Xylophilus ampelinus*
 2007/200 - A molecular diagnostic key to identify seven species of *Meloidogyne*

- 2007/221 - Real-time multiplex detection of *Meloidogyne chitwoodi* and *M. fallax*
- 2007/222 - New real-time PCR test to detect ' *Candidatus* Phytoplasma mali'
- 2007/223 - New real-time PCR test to detect *Guignardia citricarpa*

Diaphania perspectalis

- 2007/215 - Incursion of *Diaphania perspectalis* in Germany and addition to the EPPO Alert List

Ditylenchus destructor

- 2007/080 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Dryocosmus kuriphilus

- 2007/086 - *Dryocosmus kuriphilus* found in the south of France (Alpes-Maritimes)
- 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Echinocystis lobata

- 2007/207 - Worst invasive alien species threatening biodiversity in Europe

Economic impact

- 2007/202 - Economical estimates of weeds: the examples of *Sicyos angulatus* and *Abutilon theophrasti* in Catalunya, Spain

Egeria densa

- 2007/016 - Pathway analysis: aquatic plants imported in France
- 2007/017 - Invasion risks posed by the aquarium trade on the Great Lakes and consequences for the EPPO region
- 2007/018 - Movement of invasive aquatic plants through the horticultural trade: the example of Minnesota (US)
- 2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers
- 2007/183 - Invasive alien plants of national interest in New Zealand

Egypt

- 2007/057 - Virus diseases newly reported from Egypt
- 2007/216 - Invasive *Bactrocera* species in Africa

Eichhornia crassipes

- 2007/016 - Pathway analysis: aquatic plants imported in France
- 2007/041 - Plants newly naturalized in North-Western France (Maine-et-Loire)
- 2007/102 - *Ludwigia peploides* and *Eichhornia crassipes* found in Corsica (FR)
- 2007/224 - Substitute species to garden pond plants in Scotland, United Kingdom

Elodea canadensis

- 2007/224 - Substitute species to garden pond plants in Scotland, United Kingdom

Elodea nuttallii

- 2007/064 - Database of alien plants in Ireland
- 2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers
- 2007/224 - Substitute species to garden pond plants in Scotland, United Kingdom

Eotetranychus lewisi

- 2007/080 - New data on quarantine pests and pests of the EPPO Alert List

Epidemiology

- 2007/030 - Possible transovarial transmission of ' *Candidatus* Phytoplasma prunorum' by *Cacopsylla pruni*
- 2007/050 - Association of *Ophiostoma novo-ulmi* with *Scolytus schevyrewi*
- 2007/059 - Transmission of ' *Candidatus* Phytoplasma aurantifoliae' by *Hishimonus phycitis*
- 2007/070 - Oak mortality in Japan is caused by *Raffaelea quercivora* and its insect vector *Platypus quercivorus*
- 2007/075 - ' *Candidatus* Phytoplasma palmae' detected in *Cedusa* sp. (Homoptera: Derbidae) in Jamaica
- 2007/111 - Studies on strawberry pallidosis disease

Epilobium ciliatum

2007/207 - Worst invasive alien species threatening biodiversity in Europe

EPPO

2007/066 - EPPO Plant Protection Thesaurus (EPPT) is available from the EPPO website
 2007/208 - EPPO welcomes Azerbaijan as its 49th member country
 2007/209 - PQR version 4.6 is now available from the EPPO website
 2007/229 - Index of the EPPO Reporting Service

EPPO Lists

2007/165 - New additions to the EPPO Lists
 2007/203 - Invasive alien plants - EPPO Lists and documentation

Eradication

2007/104 - *Pueraria phaseoloides* eradication from Santa Cruz Island (Galapagos)
 2007/105 - Evaluating the feasibility of eradication for terrestrial weed incursions
 2007/143 - *Lysichiton americanus* eradicated from the Netherlands
 2007/153 - *Phakopsora euvitis* eradicated from Australia
 2007/193 - *Cucumber vein yellowing virus* is no longer found in France

Erwinia amylovora

2007/021 - First outbreak of *Erwinia amylovora* in Morocco
 2007/108 - Further details on the situation of *Erwinia amylovora* in Morocco
 2007/137 - Details on quarantine pests in Spain: 2006 situation
 2007/145 - First report of *Erwinia amylovora* in Latvia
 2007/159 - Direct detection of *Erwinia amylovora* in plant tissues by PCR

Ethiopia

2007/107 - New data on quarantine pests and pests of the EPPO Alert List
 2007/216 - Invasive *Bactrocera* species in Africa

Etiology

2007/076 - Recent studies on the phytoplasmas associated with the Al-Wijam disease of date palm
 2007/111 - Studies on strawberry pallidosis disease

Eutetranychus orientalis

2007/137 - Details on quarantine pests in Spain: 2006 situation

Eutypella parasitica

2007/051 - First report of *Eutypella parasitica* in Austria

Euwallacea

2007/121 - Identification key for Xyleborina beetles occurring in North America

Fallopia baldshuanica

2007/228 - *Fallopia baldschuanica* in the EPPO region: addition to the EPPO Alert List

Fallopia bohemica

2007/064 - Database of alien plants in Ireland

Fallopia japonica

2007/064 - Database of alien plants in Ireland
 2007/184 - Noxious weeds in set-aside areas: results of a nationwide network in Switzerland

***Fallopia* spp.**

2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers

France

2007/004 - Situation of *Diabrotica virgifera* in France in 2006
 2007/010 - New outbreaks of *Ceratocystis fimbriata* f.sp. *platani* in France
 2007/011 - Grapevine flavescente dorée found in Bourgogne, France
 2007/016 - Pathway analysis: aquatic plants imported in France

- 2007/019 - A new decree related to non-domesticated animal species and non-cultivated plant species in France
- 2007/041 - Plants newly naturalized in North-Western France (Maine-et-Loire)
- 2007/045 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/048 - Further details on the situation of *Rhynchophorus ferrugineus* in Corsica (FR)
- 2007/083 - Participation of the nursery industry in controlling invasive alien plants: a booklet of substitute plants for southern France
- 2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers
- 2007/086 - *Dryocosmus kuriphilus* found in the south of France (Alpes-Maritimes)
- 2007/101 - A new ordinance prohibiting trade, use and introduction in the natural environment of *Ludwigia grandiflora* and *Ludwigia peploides* in France
- 2007/102 - *Ludwigia peploides* and *Eichhornia crassipes* found in Corsica (FR)
- 2007/152 - *Brevipalpus californicus* does not occur in France
- 2007/168 - Details on the situation of *Rhynchophorus ferrugineus* in France in 2007
- 2007/169 - Situation of *Diabrotica virgifera* in France in 2007
- 2007/171 - Situation of *Aculops fuchsiae* in France
- 2007/177 - Details about the situation of *Phytophthora ramorum* in France
- 2007/193 - *Cucumber vein yellowing virus* is no longer found in France
- 2007/197 - *Vespa velutina*: a new invasive alien species found in France
- 2007/210 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/219 - Details on the situation of several *Brevipalpus* species in France and its overseas territories and departments
- 2007/226 - First report of *Cabomba caroliniana* in France

Frankliniella fusca

- 2007/069 - New arthropods identified in Israel

Frankliniella occidentalis

- 2007/028 - Survey on glasshouse thrips and tospoviruses in Hungary
- 2007/033 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/045 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/137 - Details on quarantine pests in Spain: 2006 situation

French Guiana

- 2007/219 - Details on the situation of several *Brevipalpus* species in France and its overseas territories and departments

French Polynesia

- 2007/135 - *Homalodisca vitripennis* (*H. coagulata*) is spreading in the Pacific

Fusarium foetens

- 2007/119 - New PCR tests to detect *Fusarium foetens*
- 2007/165 - New additions to the EPP0 Lists

Galapagos

- 2007/104 - *Pueraria phaseoloides* eradication from Santa Cruz Island (Galapagos)

Genetics

- 2007/079 - Genetic studies of *Pepino mosaic virus* in Spain
- 2007/139 - Three invasive *Heracleum* in Europe

Geographical distribution

- 2007/042 - *Pistia stratiotes* in the EPP0 region
- 2007/124 - A review of *Plum pox virus*

Germany

- 2007/024 - Incursion of *Potato spindle tuber viroid* in ornamental Solanaceae in Germany
- 2007/085 - New records of aquatic plants in Germany
- 2007/146 - Incursion of *Diabrotica virgifera virgifera* in Germany
- 2007/147 - Incursion of *Neotoxoptera formosana* in Germany
- 2007/215 - Incursion of *Diaphania perspectalis* in Germany and addition to the EPP0 Alert List

Gibberella circinata

2007/137 - Details on quarantine pests in Spain: 2006 situation

Globodera pallida

2007/156 - Situation of *Globodera rostochiensis* and *G. pallida* in Canada

2007/180 - Surveys on *Globodera* species in Lithuania

Globodera rostochiensis

2007/110 - First report of *Globodera rostochiensis* in Mallorca (Balears, ES)

2007/156 - Situation of *Globodera rostochiensis* and *G. pallida* in Canada

2007/180 - Surveys on *Globodera* species in Lithuania

2007/213 - *Globodera rostochiensis* detected in Alberta, Canada

Glomerella acutata (Colletotrichum acutatum)

2007/154 - First record of *Glomerella acutata* on *Lupinus luteus* in Lithuania

2007/155 - *Glomerella acutata* found on strawberry in China

Gonipterus scutellatus

2007/137 - Details on quarantine pests in Spain: 2006 situation

Grapevine flavescence dorée phytoplasma

2007/011 - Grapevine flavescence dorée found in Bourgogne, France

2007/130 - Situation of flavescence dorée and its vector *Scaphoideus titanus* in Switzerland

Greece

2007/049 - First report of *Tetranychus evansi* in Crete, Greece

2007/055 - First report of *Tomato yellow leaf curl Sardinia virus* in Greece

2007/107 - New data on quarantine pests and pests of the EPPO Alert List

2007/176 - *Ralstonia solanacearum* reported in Greece

2007/189 - Details on the situation of *Ceratocystis fimbriata* f.sp. *platani* in Greece

Guadeloupe

2007/219 - Details on the situation of several *Brevipalpus* species in France and its overseas territories and departments

2007/220 - Surveys on scale insects in the French Antilles and other Caribbean islands

Guernsey

2007/087 - First record of *Aculops fuchsiae* in Guernsey

Guignardia citricarpa

2007/014 - PCR test to distinguish between *Guignardia citricarpa* and *G. mangiferae*

2007/223 - New real-time PCR test to detect *Guignardia citricarpa*

Guignardia mangiferae

2007/014 - PCR test to distinguish between *Guignardia citricarpa* and *G. mangiferae*

Hakea sericea

2007/205 - *Hakea sericea* in the EPPO region: addition to the EPPO Alert List

Hedychium gardnerianum

2007/207 - Worst invasive alien species threatening biodiversity in Europe

Helianthus tuberosus

2007/100 - Bioenergy and invasive plants in Italy

2007/123 - Pathway analysis: alien plants introduced through the bird seed pathway

Helicoverpa armigera

2007/137 - Details on quarantine pests in Spain: 2006 situation

Heracleum mantegazzianum

2007/064 - Database of alien plants in Ireland

2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers

- 2007/139 - Three invasive *Heracleum* in Europe
 2007/140 - Does temperature limit the invasion of *Impatiens glandulifera* and *Heracleum mantegazzianum* in the United Kingdom?
 2007/183 - Invasive alien plants of national interest in New Zealand
 2007/185 - Impacts of *Heracleum mantegazzianum* on invaded vegetation in Germany

Heracleum persicum

- 2007/139 - Three invasive *Heracleum* in Europe

Heracleum sosnowskyi

- 2007/139 - Three invasive *Heracleum* in Europe

Hesperophanes campestris

- 2007/165 - New additions to the EPPO Lists

Heterodera glycines

- 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Hishimonus phycitidis

- 2007/059 - Transmission of 'Candidatus Phytoplasma aurantifoliae' by *Hishimonus phycitidis*

***Homalodisca vitripennis* (*H. coagulata*)**

- 2007/135 - *Homalodisca vitripennis* (*H. coagulata*) is spreading in the Pacific

Honduras

- 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Host plant

- 2007/045 - New data on quarantine pests and pests of the EPPO Alert List
 2007/074 - 'Candidatus Phytoplasma mali' identified in *Prunus avium*, *P. armeniaca* and *P. domestica*
 2007/080 - New data on quarantine pests and pests of the EPPO Alert List
 2007/094 - Studies on the host range of *Sirococcus clavignenti-juglandacearum*
 2007/107 - New data on quarantine pests and pests of the EPPO Alert List
 2007/124 - A review of *Plum pox virus*
 2007/187 - New data on quarantine pests and pests of the EPPO Alert List
 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Hungary

- 2007/028 - Survey on glasshouse thrips and tospoviruses in Hungary
 2007/029 - Surveys on grapevine yellows and insect vectors in Hungary
 2007/054 - First report of *Impatiens necrotic spot virus* in Hungary
 2007/107 - New data on quarantine pests and pests of the EPPO Alert List
 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Hyalesthes obsoletus

- 2007/029 - Surveys on grapevine yellows and insect vectors in Hungary

Hydrocotyle ranunculoides

- 2007/064 - Database of alien plants in Ireland
 2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers
 2007/141 - Removal of *Hydrocotyle ranunculoides* in England (GB)
 2007/181 - Legislation on *Hydrocotyle ranunculoides* in the Netherlands
 2007/187 - New data on quarantine pests and pests of the EPPO Alert List
 - 2007/224 - Substitute species to garden pond plants in Scotland, United Kingdom

Hygrophila polysperma

- 2007/085 - New records of aquatic plants in Germany

Illinoia liriodendri

- 2007/034 - Aphid species recently reported as new introductions

Illinoia morrisoni

2007/034 - Aphid species recently reported as new introductions

Impacts

2007/185 - Impacts of *Heracleum mantegazzianum* on invaded vegetation in Germany

Impatiens glandulifera

2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers

2007/140 - Does temperature limit the invasion of *Impatiens glandulifera* and *Heracleum mantegazzianum* in the United Kingdom?

Impatiens necrotic spot virus

2007/028 - Survey on glasshouse thrips and tospoviruses in Hungary

2007/045 - New data on quarantine pests and pests of the EPPO Alert List

2007/054 - First report of *Impatiens necrotic spot virus* in Hungary

Incursion

2007/007 - Detection of *Tobacco ringspot virus* on ornamental plants in the Netherlands

2007/024 - Incursion of *Potato spindle tuber viroid* in ornamental Solanaceae in Germany

2007/052 - Incursion of *Xanthomonas axonopodis* pv. *dieffenbachiae* in Romania

2007/090 - *Clavibacter michiganensis* subsp. *michiganensis* found in the Netherlands on tomato plants for planting

2007/133 - *Ips duplicatus* trapped in Belgium

2007/147 - Incursion of *Neotoxoptera formosana* in Germany

2007/173 - First record of *Tomato yellow leaf curl virus* in the Netherlands

India

2007/045 - New data on quarantine pests and pests of the EPPO Alert List

2007/080 - New data on quarantine pests and pests of the EPPO Alert List

2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Interceptions

2007/015 - EPPO report on notifications of non-compliance

2007/035 - EPPO report on notifications of non-compliance

2007/098 - EPPO report on notifications of non-compliance

2007/138 - EPPO report on notifications of non-compliance

2007/160 - EPPO report on notifications of non-compliance

2007/201 - EPPO report on notifications of non-compliance

Invasive alien plants

2007/016 - Pathway analysis: aquatic plants imported in France

2007/017 - Invasion risks posed by the aquarium trade on the Great Lakes and consequences for the EPPO region

2007/018 - Movement of invasive aquatic plants through the horticultural trade: the example of Minnesota (US)

2007/019 - A new decree related to non-domesticated animal species and non-cultivated plant species in France

2007/038 - A proposed prioritization system for the management of invasive alien plants in South Africa

2007/039 - Use of introduction characteristics of Mediterranean alien plants to predict their invasion success

2007/040 - New data on the biology and ecology of *Pueraria lobata*

2007/041 - Plants newly naturalized in North-Western France (Maine-et-Loire)

2007/042 - *Pistia stratiotes* in the EPPO region

2007/043 - DAISIE project: the European Alien Species Expertise Registry

2007/061 - Nursery and garden industry initiative in Australia: the Invasive Plants Policy Position

2007/062 - The "Grow me instead" initiative in Australia

2007/063 - Awards for the most "Weed Wise" retail nurseries in Australasia

2007/064 - Database of alien plants in Ireland

2007/081 - Voluntary codes of conduct in the USA

2007/082 - Horticultural codes of practice in the United Kingdom

2007/083 - Participation of the nursery industry in controlling invasive alien plants: a booklet of substitute plants for southern France

- 2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers
- 2007/085 - New records of aquatic plants in Germany
- 2007/099 - *Brunnera macrophylla*, an alien plant new in Italian flora
- 2007/100 - Bioenergy and invasive plants in Italy
- 2007/101 - A new ordinance prohibiting trade, use and introduction in the natural environment of *Ludwigia grandiflora* and *Ludwigia peploides* in France
- 2007/102 - *Ludwigia peploides* and *Eichhornia crassipes* found in Corsica (FR)
- 2007/103 - A potential biocontrol agent for *Alternanthera philoxeroides*
- 2007/104 - *Pueraria phaseoloides* eradication from Santa Cruz Island (Galapagos)
- 2007/105 - Evaluating the feasibility of eradication for terrestrial weed incursions
- 2007/122 - Pathway analysis: production and processing of small seeds for birds
- 2007/123 - Pathway analysis: alien plants introduced through the bird seed pathway
- 2007/139 - Three invasive *Heracleum* in Europe
- 2007/140 - Does temperature limit the invasion of *Impatiens glandulifera* and *Heracleum mantegazzianum* in the United Kingdom?
- 2007/141 - Removal of *Hydrocotyle ranunculoides* in England (GB)
- 2007/142 - Invasion of the palm *Trachycarpus fortunei* in Japan
- 2007/143 - *Lysichiton americanus* eradicated from the Netherlands
- 2007/161 - Preventing introductions of invasive plants for horticultural purposes through voluntary initiatives in the USA
- 2007/162 - A proposed mandatory labelling scheme for invasive species
- 2007/163 - Machinery pathway: what is on your vehicle?
- 2007/181 - Legislation on *Hydrocotyle ranunculoides* in the Netherlands
- 2007/182 - Weeds of national significance in Australia
- 2007/183 - Invasive alien plants of national interest in New Zealand
- 2007/184 - Noxious weeds in set-aside areas: results of a nationwide network in Switzerland
- 2007/185 - Impacts of *Heracleum mantegazzianum* on invaded vegetation in Germany
- 2007/186 - Feasibility of biological control of *Ambrosia artemisiifolia* in Europe
- 2007/202 - Economical estimates of weeds: the examples of *Sicyos angulatus* and *Abutilon theophrasti* in Catalunya, Spain
- 2007/203 - Invasive alien plants - EPPO Lists and documentation
- 2007/207 - Worst invasive alien species threatening biodiversity in Europe
- 2007/224 - Substitute species to garden pond plants in Scotland, United Kingdom
- 2007/225 - Weeds of the future: garden plants which may threaten grasslands in Australia

Invasive species

- 2007/197 - *Vespa velutina*: a new invasive alien species found in France

Ips duplicatus

- 2007/133 - *Ips duplicatus* trapped in Belgium
- 2007/134 - Invasive and quarantine pests in forests in Slovakia

Iran

- 2007/033 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/045 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/092 - First report of *Alternaria mali* in Iran
- 2007/107 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/157 - First report of *Cucumber vein yellowing virus* in Iran

Ireland

- 2007/064 - Database of alien plants in Ireland
- 2007/107 - New data on quarantine pests and pests of the EPPO Alert List

Iris yellow spot virus

- 2007/008 - *Iris yellow spot virus* detected on *Eustoma* in the Netherlands
- 2007/056 - New records of *Iris yellow spot virus* in the USA
- 2007/137 - Details on quarantine pests in Spain: 2006 situation
- 2007/187 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Israel

- 2007/069 - New arthropods identified in Israel
- 2007/115 - Further studies on *Tomato apical stunt viroid*

Italy

- 2007/003 - Further reports of *Rhynchophorus ferrugineus* in Puglia and Sardegna, Italy
- 2007/080 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/099 - *Brunnera macrophylla*, an alien plant new in Italian flora
- 2007/100 - Bioenergy and invasive plants in Italy
- 2007/166 - First record of *Anoplophora glabripennis* in Italy
- 2007/167 - Details on the situation of *Rhynchophorus ferrugineus* in Sicilia, Italy
- 2007/187 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/194 - *Phoracantha recurva* occurs in Italy
- 2007/195 - First record of *Luperomorpha nigripennis* in Italy
- 2007/196 - First report of *Aleuroclava guyavae* in Italy
- 2007/210 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/214 - First report of *Xanthomonas axonopodis* pv. *poinsetticola* on *Euphorbia pulcherrima* in Lombardia (IT)
- 2007/217 - First record of *Acanalonia conica* in Italy
- 2007/218 - First record of *Anatrachyntis badia* in Italy

Jamaica

- 2007/075 - *Candidatus* Phytoplasma palmae' detected in *Cedusa* sp. (Homoptera: Derbidae) in Jamaica
- 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Japan

- 2007/033 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/045 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/070 - Oak mortality in Japan is caused by *Raffaelea quercivora* and its insect vector *Platypus quercivorus*
- 2007/097 - First report of *Chrysanthemum stem necrosis virus* in Japan
- 2007/107 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/142 - Invasion of the palm *Trachycarpus fortunei* in Japan

Jersey

- 2007/109 - First report of *Aculops fuchsiae* in Jersey
- 2007/172 - Update on the situation of *Aculops fuchsiae* in Jersey

Jordan

- 2007/107 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/190 - First record of *Tomato spotted wilt virus* in Jordan
- 2007/191 - First record of *Tomato infectious chlorosis virus* in Jordan

Kenya

- 2007/216 - Invasive *Bactrocera* species in Africa

Korea Republic

- 2007/175 - Studies on *Ralstonia solanacearum* in Korea Republic

Lagarosiphon major

- 2007/016 - Pathway analysis: aquatic plants imported in France
- 2007/041 - Plants newly naturalized in North-Western France (Maine-et-Loire)
- 2007/064 - Database of alien plants in Ireland
- 2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers
- 2007/183 - Invasive alien plants of national interest in New Zealand
- 2007/224 - Substitute species to garden pond plants in Scotland, United Kingdom

Lantana camara

- 2007/038 - A proposed prioritization system for the management of invasive alien plants in South Africa

Latvia

- 2007/145 - First report of *Erwinia amylovora* in Latvia

Legislation

- 2007/019 - A new decree related to non-domesticated animal species and non-cultivated plant species in France

- 2007/101 - A new ordinance prohibiting trade, use and introduction in the natural environment of *Ludwigia grandiflora* and *Ludwigia peploides* in France
 2007/181 - Legislation on *Hydrocotyle ranunculoides* in the Netherlands

Leptinotarsa decemlineata

- 2007/137 - Details on quarantine pests in Spain: 2006 situation

Leptocybe invasa

- 2007/012 - First record of *Leptocybe invasa* in Portugal
 2007/013 - Recent studies on the biology and taxonomy of *Ophelimus maskelli*
 2007/151 - *Blastopsylla occidentalis*, *Leptocybe invasa* and *Ophelimus maskelli*: three new pests of eucalyptus in Turkey

Leptoglossus occidentalis

- 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Liberibacter asiaticus

- 2007/131 - Molecular studies confirm the presence of '*Candidatus Liberibacter asiaticus*' in Pakistan
 2007/187 - New data on quarantine pests and pests of the EPPO Alert List
 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Libya

- 2007/216 - Invasive *Bactrocera* species in Africa

Liriomyza huidobrensis

- 2007/033 - New data on quarantine pests and pests of the EPPO Alert List

Liriomyza sativae

- 2007/045 - New data on quarantine pests and pests of the EPPO Alert List
 2007/107 - New data on quarantine pests and pests of the EPPO Alert List

Liriomyza trifolii

- 2007/045 - New data on quarantine pests and pests of the EPPO Alert List

Lithuania

- 2007/154 - First record of *Glomerella acutata* on *Lupinus luteus* in Lithuania
 2007/178 - Surveys on *Phytophthora* species in Lithuania
 2007/180 - Surveys on *Globodera* species in Lithuania
 2007/188 - First record of *Phytophthora ramorum* in Lithuania

Little cherry virus

- 2007/045 - New data on quarantine pests and pests of the EPPO Alert List

Ludwigia peploides

- 2007/102 - *Ludwigia peploides* and *Eichhornia crassipes* found in Corsica (FR)

***Ludwigia* spp.**

- 2007/083 - Participation of the nursery industry in controlling invasive alien plants: a booklet of substitute plants for southern France
 2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers
 2007/101 - A new ordinance prohibiting trade, use and introduction in the natural environment of *Ludwigia grandiflora* and *Ludwigia peploides* in France

Luperomorpha nigripennis

- 2007/195 - First record of *Luperomorpha nigripennis* in Italy

Lysichiton americanus

- 2007/064 - Database of alien plants in Ireland
 2007/143 - *Lysichiton americanus* eradicated from the Netherlands

Maconellicoccus hirsutus

- 2007/107 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/220 - Surveys on scale insects in the French Antilles and other Caribbean islands

Malta

- 2007/107 - New data on quarantine pests and pests of the EPPO Alert List

Management

- 2007/141 - Removal of *Hydrocotyle ranunculoides* in England (GB)
- 2007/183 - Invasive alien plants of national interest in New Zealand
- 2007/184 - Noxious weeds in set-aside areas: results of a nationwide network in Switzerland

Martinique

- 2007/220 - Surveys on scale insects in the French Antilles and other Caribbean islands

Megaplatypus mutatus

- 2007/165 - New additions to the EPPO Lists

Meloidogyne chitwoodi

- 2007/200 - A molecular diagnostic key to identify seven species of *Meloidogyne*
- 2007/221 - Real-time multiplex detection of *Meloidogyne chitwoodi* and *M. fallax*

Meloidogyne fallax

- 2007/200 - A molecular diagnostic key to identify seven species of *Meloidogyne*
- 2007/221 - Real-time multiplex detection of *Meloidogyne chitwoodi* and *M. fallax*

Mexico

- 2007/045 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/077 - First report of *Tomato chlorosis virus* in Mexico
- 2007/107 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/187 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Miscanthus floridulus

- 2007/225 - Weeds of the future: garden plants which may threaten grasslands in Australia

Montenegro

- 2007/125 - First report of *Plum pox virus* in Montenegro

Morocco

- 2007/021 - First outbreak of *Erwinia amylovora* in Morocco
- 2007/045 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/108 - Further details on the situation of *Erwinia amylovora* in Morocco
- 2007/158 - Surveys on tomato-infecting begomoviruses and *Bemisia tabaci* in Morocco

Mycosphaerella pini

- 2007/134 - Invasive and quarantine pests in forests in Slovakia
- 2007/211 - First report of *Mycosphaerella pini* in the Netherlands

Myriophyllum aquaticum

- 2007/016 - Pathway analysis: aquatic plants imported in France
- 2007/017 - Invasion risks posed by the aquarium trade on the Great Lakes and consequences for the EPPO region
- 2007/018 - Movement of invasive aquatic plants through the horticultural trade: the example of Minnesota (US)
- 2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers
- 2007/085 - New records of aquatic plants in Germany
- 2007/224 - Substitute species to garden pond plants in Scotland, United Kingdom

Nassella tenuissima

- 2007/225 - Weeds of the future: garden plants which may threaten grasslands in Australia

Neotoxoptera formosana

2007/147 - Incursion of *Neotoxoptera formosana* in Germany

Netherlands

- 2007/007 - Detection of *Tobacco ringspot virus* on ornamental plants in the Netherlands
- 2007/008 - Iris yellow spot virus detected on Eustoma in the Netherlands
- 2007/090 - *Clavibacter michiganensis* subsp. *michiganensis* found in the Netherlands on tomato plants for planting
- 2007/107 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/143 - *Lysichiton americanus* eradicated from the Netherlands
- 2007/173 - First record of *Tomato yellow leaf curl virus* in the Netherlands
- 2007/181 - Legislation on *Hydrocotyle ranunculoides* in the Netherlands
- 2007/187 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/211 - First report of *Mycosphaerella pini* in the Netherlands

New Caledonia

2007/053 - First report of *Xanthomonas axonopodis* pv. *dieffenbachiae* in New Caledonia (FR)

New pest

- 2007/057 - Virus diseases newly reported from Egypt
- 2007/096 - *Phytophthora foliorum* a new species causing leaf blight of azalea
- 2007/112 - Blackberry chlorotic ringspot: a new virus of *Rubus*
- 2007/113 - Blackberry yellow vein associated virus: a new virus of *Rubus*
- 2007/128 - Studies on a new disease of tomato in Spain called 'torrao' or 'cribado'
- 2007/179 - Ash dieback in Europe and possible implication of *Chalara fraxinea*: addition to the EPP0 Alert List
- 2007/192 - Squash vein yellowing virus: a new virus of cucurbits in the USA

New record

- 2007/001 - First report of *Rhynchophorus ferrugineus* in Turkey
- 2007/002 - First report of *Rhynchophorus ferrugineus* in Syria
- 2007/007 - Detection of *Tobacco ringspot virus* on ornamental plants in the Netherlands
- 2007/012 - First record of *Leptocybe invasa* in Portugal
- 2007/021 - First outbreak of *Erwinia amylovora* in Morocco
- 2007/022 - First report of *Rhynchophorus ferrugineus* in Cyprus
- 2007/024 - Incursion of *Potato spindle tuber viroid* in ornamental Solanaceae in Germany
- 2007/028 - Survey on glasshouse thrips and tospoviruses in Hungary
- 2007/033 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/034 - Aphid species recently reported as new introductions
- 2007/045 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/049 - First report of *Tetranychus evansi* in Crete, Greece
- 2007/051 - First report of *Eutypella parasitica* in Austria
- 2007/052 - Incursion of *Xanthomonas axonopodis* pv. *dieffenbachiae* in Romania
- 2007/053 - First report of *Xanthomonas axonopodis* pv. *dieffenbachiae* in New Caledonia (FR)
- 2007/054 - First report of *Impatiens necrotic spot virus* in Hungary
- 2007/055 - First report of *Tomato yellow leaf curl Sardinia virus* in Greece
- 2007/057 - Virus diseases newly reported from Egypt
- 2007/058 - First record of *Tomato apical stunt viroid* in Senegal
- 2007/067 - First report of *Agrilus planipennis* in the region of Moscow, Russia
- 2007/069 - New arthropods identified in Israel
- 2007/071 - *Phytophthora alni* identified in the Czech Republic
- 2007/072 - First report of *Cryphonectria parasitica* in Azerbaijan
- 2007/073 - First report of *Plasmopara obducens* in Australia
- 2007/077 - First report of *Tomato chlorosis virus* in Mexico
- 2007/078 - First report of *Tomato yellow leaf curl virus* in Tunisia
- 2007/080 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/085 - New records of aquatic plants in Germany
- 2007/087 - First record of *Aculops fuchsiae* in Guernsey
- 2007/090 - *Clavibacter michiganensis* subsp. *michiganensis* found in the Netherlands on tomato plants for planting
- 2007/092 - First report of *Alternaria mali* in Iran
- 2007/097 - First report of *Chrysanthemum stem necrosis virus* in Japan
- 2007/099 - *Brunnera macrophylla*, an alien plant new in Italian flora
- 2007/107 - New data on quarantine pests and pests of the EPP0 Alert List
- 2007/109 - First report of *Aculops fuchsiae* in Jersey

- 2007/125 - First report of *Plum pox virus* in Montenegro
 2007/126 - First finding of *Plum pox virus* in Pakistan
 2007/133 - *Ips duplicatus* trapped in Belgium
 2007/136 - *Poliaspis cycadis*: a new cycad scale found in Florida (US)
 2007/145 - First report of *Erwinia amylovora* in Latvia
 2007/146 - Incursion of *Diabrotica virgifera virgifera* in Germany
 2007/147 - Incursion of *Neotoxoptera formosana* in Germany
 2007/148 - First outbreak of *Rhagoletis cingulata* in Slovenia
 2007/149 - First outbreak of *Potato spindle tuber viroid* on ornamental Solanaceae in Slovenia
 2007/150 - New records of *Bactrocera invadens*, *B. zonata* and other fruit fly species in Bhutan
 2007/151 - *Blastopsylla occidentalis*, *Leptocybe invasa* and *Ophelimus maskelli*: three new pests of eucalyptus in Turkey
 2007/154 - First record of *Glomerella acutata* on *Lupinus luteus* in Lithuania
 2007/157 - First report of *Cucumber vein yellowing virus* in Iran
 2007/166 - First record of *Anoplophora glabripennis* in Italy
 2007/170 - First report of *Aculops fuchsiae* in Southern England, United Kingdom
 2007/173 - First record of *Tomato yellow leaf curl virus* in the Netherlands
 2007/174 - First report of Tomato torrado virus in Poland
 2007/178 - Surveys on *Phytophthora* species in Lithuania
 2007/187 - New data on quarantine pests and pests of the EPP0 Alert List
 2007/188 - First record of *Phytophthora ramorum* in Lithuania
 2007/190 - First record of *Tomato spotted wilt virus* in Jordan
 2007/191 - First record of *Tomato infectious chlorosis virus* in Jordan
 2007/194 - *Phoracantha recurva* occurs in Italy
 2007/195 - First record of *Luperomorpha nigripennis* in Italy
 2007/196 - First report of *Aleuroclava guyavae* in Italy
 2007/197 - *Vespa velutina*: a new invasive alien species found in France
 2007/210 - New data on quarantine pests and pests of the EPP0 Alert List
 2007/211 - First report of *Mycosphaerella pini* in the Netherlands
 2007/215 - Incursion of *Diaphania perspectalis* in Germany and addition to the EPP0 Alert List
 2007/216 - Invasive *Bactrocera* species in Africa
 2007/217 - First record of *Acanalonia conica* in Italy
 2007/218 - First record of *Anatrachyntis badia* in Italy
 2007/219 - Details on the situation of several *Brevipalpus* species in France and its overseas territories and departments
 2007/220 - Surveys on scale insects in the French Antilles and other Caribbean islands
 2007/226 - First report of *Cabomba caroliniana* in France

New Zealand

- 2007/183 - Invasive alien plants of national interest in New Zealand

Nicaragua

- 2007/210 - New data on quarantine pests and pests of the EPP0 Alert List

Nigeria

- 2007/216 - Invasive *Bactrocera* species in Africa

Norway

- 2007/095 - *Phytophthora ramorum* in Norway

Oligonychus perseae

- 2007/137 - Details on quarantine pests in Spain: 2006 situation

Ophelimus maskelli

- 2007/013 - Recent studies on the biology and taxonomy of *Ophelimus maskelli*
 2007/151 - *Blastopsylla occidentalis*, *Leptocybe invasa* and *Ophelimus maskelli*: three new pests of eucalyptus in Turkey

Ophiostoma novo-ulmi

- 2007/050 - Association of *Ophiostoma novo-ulmi* with *Scolytus schevyrewi*

Opuntia ficus-indica

- 2007/038 - A proposed prioritization system for the management of invasive alien plants in South Africa

Pakistan

- 2007/126 - First finding of *Plum pox virus* in Pakistan
 2007/131 - Molecular studies confirm the presence of '*Candidatus Liberibacter asiaticus*' in Pakistan

Paraguay

- 2007/210 - New data on quarantine pests and pests of the EPP0 Alert List

Parasaissetia nigra

- 2007/220 - Surveys on scale insects in the French Antilles and other Caribbean islands

Pathway analysis

- 2007/016 - Pathway analysis: aquatic plants imported in France
 2007/017 - Invasion risks posed by the aquarium trade on the Great Lakes and consequences for the EPP0 region
 2007/018 - Movement of invasive aquatic plants through the horticultural trade: the example of Minnesota (US)
 2007/122 - Pathway analysis: production and processing of small seeds for birds
 2007/123 - Pathway analysis: alien plants introduced through the bird seed pathway
 2007/163 - Machinery pathway: what is on your vehicle?

Paysandisia archon

- 2007/137 - Details on quarantine pests in Spain: 2006 situation

Peach mosaic virus

- 2007/031 - Molecular characterization and detection of *Peach mosaic virus*

Pepino mosaic virus

- 2007/006 - First report of *Pepino mosaic virus* in Austria
 2007/079 - Genetic studies of *Pepino mosaic virus* in Spain
 2007/080 - New data on quarantine pests and pests of the EPP0 Alert List
 2007/107 - New data on quarantine pests and pests of the EPP0 Alert List
 2007/128 - Studies on a new disease of tomato in Spain called 'torrao' or 'cribado'
 2007/129 - Situation of *Pepino mosaic potexvirus* in Switzerland
 2007/137 - Details on quarantine pests in Spain: 2006 situation

Peronosclerospora sorghi

- 2007/025 - *Peronosclerospora sorghi* does not occur in Australia

Pezothrips kellyanus

- 2007/210 - New data on quarantine pests and pests of the EPP0 Alert List

Phakopsora euvitis

- 2007/153 - *Phakopsora euvitis* eradicated from Australia
 2007/187 - New data on quarantine pests and pests of the EPP0 Alert List

Phakopsora pachyrhizi

- 2007/045 - New data on quarantine pests and pests of the EPP0 Alert List
 2007/187 - New data on quarantine pests and pests of the EPP0 Alert List

Phoracantha recurva

- 2007/194 - *Phoracantha recurva* occurs in Italy

Phytophthora alni

- 2007/071 - *Phytophthora alni* identified in the Czech Republic

Phytophthora cactorum

- 2007/178 - Surveys on *Phytophthora* species in Lithuania

Phytophthora foliorum

- 2007/096 - *Phytophthora foliorum* a new species causing leaf blight of azalea

Phytophthora ramorum

- 2007/095 - *Phytophthora ramorum* in Norway
- 2007/107 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/134 - Invasive and quarantine pests in forests in Slovakia
- 2007/137 - Details on quarantine pests in Spain: 2006 situation
- 2007/177 - Details about the situation of *Phytophthora ramorum* in France
- 2007/178 - Surveys on *Phytophthora* species in Lithuania
- 2007/188 - First record of *Phytophthora ramorum* in Lithuania
- 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

***Phytoplasma aurantifoliae* (lime witch's broom)**

- 2007/059 - Transmission of '*Candidatus Phytoplasma aurantifoliae*' by *Hishimonus phycitis*

***Phytoplasma mali* (apple proliferation)**

- 2007/074 - '*Candidatus Phytoplasma mali*' identified in *Prunus avium*, *P. armeniaca* and *P. domestica*
- 2007/222 - New real-time PCR test to detect '*Candidatus Phytoplasma mali*'

Phytoplasma palmae

- 2007/075 - '*Candidatus Phytoplasma palmae*' detected in *Cedusa* sp. (Homoptera: Derbidae) in Jamaica

***Phytoplasma prunorum* (ESFY)**

- 2007/030 - Possible transovarial transmission of '*Candidatus Phytoplasma prunorum*' by *Cacopsylla pruni*

Phytoplasma pyri

- 2007/198 - Studies on pear decline in Taiwan

Pistia stratiotes

- 2007/016 - Pathway analysis: aquatic plants imported in France
- 2007/017 - Invasion risks posed by the aquarium trade on the Great Lakes and consequences for the EPPO region
- 2007/041 - Plants newly naturalized in North-Western France (Maine-et-Loire)
- 2007/042 - *Pistia stratiotes* in the EPPO region
- 2007/224 - Substitute species to garden pond plants in Scotland, United Kingdom

Plasmopara obducens

- 2007/073 - First report of *Plasmopara obducens* in Australia

Platypus quercivorus

- 2007/070 - Oak mortality in Japan is caused by *Raffaelea quercivora* and its insect vector *Platypus quercivorus*

Plum pox virus

- 2007/009 - *Plum pox virus* found near Adana and İçel (Mediterranean region), Turkey
- 2007/080 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/124 - A review of *Plum pox virus*
- 2007/125 - First report of *Plum pox virus* in Montenegro
- 2007/126 - First finding of *Plum pox virus* in Pakistan
- 2007/127 - Typing of *Plum pox virus* strains in Cyprus
- 2007/137 - Details on quarantine pests in Spain: 2006 situation

Poland

- 2007/088 - Situation of *Diabrotica virgifera* in Poland in 2006
- 2007/107 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/174 - First report of Tomato torrado virus in Poland

Poliaspis cycadis

- 2007/136 - *Poliaspis cycadis*: a new cycad scale found in Florida (US)

Polygonum perfoliatum

- 2007/204 - *Polygonum perfoliatum* in the EPPO region: addition to the EPPO Alert List

Portugal

- 2007/012 - First record of *Leptocybe invasa* in Portugal

Potato rough dwarf virus

2007/114 - Potato rough dwarf virus and Potato virus P are two distinct strains of the same virus species

Potato spindle tuber viroid

2007/024 - Incursion of *Potato spindle tuber viroid* in ornamental Solanaceae in Germany

2007/149 - First outbreak of *Potato spindle tuber viroid* on ornamental Solanaceae in Slovenia

Potato virus P

2007/114 - Potato rough dwarf virus and Potato virus P are two distinct strains of the same virus species

Potato yellow vein virus

2007/045 - New data on quarantine pests and pests of the EPP0 Alert List

2007/107 - New data on quarantine pests and pests of the EPP0 Alert List

Prunus serotina

2007/084 - Participation of the nursery industry in controlling invasive alien plants in France: a charter with retailers

Publication

2007/164 - An Australian newsletter: 'Under Control - Pest Plant and Animal Management'

Puccinia hemerocallidis

2007/165 - New additions to the EPP0 Lists

Puccinia horiana

2007/187 - New data on quarantine pests and pests of the EPP0 Alert List

Pueraria lobata

2007/040 - New data on the biology and ecology of *Pueraria lobata*

Pueraria phaseoloides

2007/104 - *Pueraria phaseoloides* eradication from Santa Cruz Island (Galapagos)

Puerto Rico

2007/187 - New data on quarantine pests and pests of the EPP0 Alert List

Raffaelea quercivora

2007/070 - Oak mortality in Japan is caused by *Raffaelea quercivora* and its insect vector *Platypus quercivorus*

Ralstonia solanacearum

2007/005 - Current situation of *Ralstonia solanacearum* in Turkey

2007/045 - New data on quarantine pests and pests of the EPP0 Alert List

2007/091 - Situation of *Ralstonia solanacearum* in Turkey in 2006

2007/107 - New data on quarantine pests and pests of the EPP0 Alert List

2007/137 - Details on quarantine pests in Spain: 2006 situation

2007/175 - Studies on *Ralstonia solanacearum* in Korea Republic

2007/176 - *Ralstonia solanacearum* reported in Greece

2007/187 - New data on quarantine pests and pests of the EPP0 Alert List

Raoiella indica

2007/187 - New data on quarantine pests and pests of the EPP0 Alert List

Réunion

2007/219 - Details on the situation of several *Brevipalpus* species in France and its overseas territories and departments

Rhagoletis cingulata

2007/107 - New data on quarantine pests and pests of the EPP0 Alert List

2007/148 - First outbreak of *Rhagoletis cingulata* in Slovenia

Rhagoletis pomonella

2007/046 - *Rhagoletis pomonella* found in British Columbia, Canada

Rhododendron ponticum

2007/064 - Database of alien plants in Ireland

Rhynchophorus ferrugineus

2007/001 - First report of *Rhynchophorus ferrugineus* in Turkey

2007/002 - First report of *Rhynchophorus ferrugineus* in Syria

2007/003 - Further reports of *Rhynchophorus ferrugineus* in Puglia and Sardegna, Italy

2007/022 - First report of *Rhynchophorus ferrugineus* in Cyprus

2007/023 - Situation of *Rhynchophorus ferrugineus* in Spain

2007/048 - Further details on the situation of *Rhynchophorus ferrugineus* in Corsica (FR)

2007/089 - Situation of *Rhynchophorus ferrugineus* in Turkey in 2006

2007/137 - Details on quarantine pests in Spain: 2006 situation

2007/167 - Details on the situation of *Rhynchophorus ferrugineus* in Sicilia, Italy

2007/168 - Details on the situation of *Rhynchophorus ferrugineus* in France in 2007

Robinia pseudacacia

2007/100 - Bioenergy and invasive plants in Italy

Romania

2007/052 - Incursion of *Xanthomonas axonopodis* pv. *dieffenbachiae* in Romania

Rosa rugosa

2007/207 - Worst invasive alien species threatening biodiversity in Europe

Russia

2007/067 - First report of *Agilus planipennis* in the region of Moscow, Russia

Rwanda

2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Saint Kitts & Nevis

2007/107 - New data on quarantine pests and pests of the EPPO Alert List

Saint Vincent & the Grenadines

2007/187 - New data on quarantine pests and pests of the EPPO Alert List

Salvinia molesta

2007/016 - Pathway analysis: aquatic plants imported in France

2007/224 - Substitute species to garden pond plants in Scotland, United Kingdom

2007/227 - *Salvinia molesta* in the EPPO region: addition to the EPPO Alert List

Saudi Arabia

2007/076 - Recent studies on the phytoplasmas associated with the Al-Wijam disease of date palm

Saururus cernuus

2007/041 - Plants newly naturalized in North-Western France (Maine-et-Loire)

2007/085 - New records of aquatic plants in Germany

Scaphoideus titanus

2007/029 - Surveys on grapevine yellows and insect vectors in Hungary

2007/033 - New data on quarantine pests and pests of the EPPO Alert List

2007/130 - Situation of flavescence dorée and its vector *Scaphoideus titanus* in Switzerland

2007/187 - New data on quarantine pests and pests of the EPPO Alert List

Scolytus schevyrewi

2007/050 - Association of *Ophiostoma novo-ulmi* with *Scolytus schevyrewi*

Senecio inaequidens

2007/041 - Plants newly naturalized in North-Western France (Maine-et-Loire)

2007/184 - Noxious weeds in set-aside areas: results of a nationwide network in Switzerland

Senegal

- 2007/058 - First record of *Tomato apical stunt viroid* in Senegal
 2007/216 - Invasive *Bactrocera* species in Africa

Serbia & Montenegro

- 2007/033 - New data on quarantine pests and pests of the EPPO Alert List

Sicyos angulatus

- 2007/123 - Pathway analysis: alien plants introduced through the bird seed pathway
 2007/137 - Details on quarantine pests in Spain: 2006 situation
 2007/202 - Economical estimates of weeds: the examples of *Sicyos angulatus* and *Abutilon theophrasti* in Catalonia, Spain

Siphonotrophia cupressi

- 2007/034 - Aphid species recently reported as new introductions

Sirococcus clavigignenti-juglandacearum

- 2007/094 - Studies on the host range of *Sirococcus clavigignenti-juglandacearum*

Slovakia

- 2007/134 - Invasive and quarantine pests in forests in Slovakia

Slovenia

- 2007/074 - *Candidatus Phytoplasma mali* identified in *Prunus avium*, *P. armeniaca* and *P. domestica*
 2007/148 - First outbreak of *Rhagoletis cingulata* in Slovenia
 2007/149 - First outbreak of *Potato spindle tuber viroid* on ornamental Solanaceae in Slovenia

Solanum sarrachoides

- 2007/041 - Plants newly naturalized in North-Western France (Maine-et-Loire)

Solidago canadensis

- 2007/184 - Noxious weeds in set-aside areas: results of a nationwide network in Switzerland

Solidato gigantea

- 2007/184 - Noxious weeds in set-aside areas: results of a nationwide network in Switzerland

Sorghum halepense

- 2007/100 - Bioenergy and invasive plants in Italy

South Africa

- 2007/038 - A proposed prioritization system for the management of invasive alien plants in South Africa

Spain

- 2007/023 - Situation of *Rhynchophorus ferrugineus* in Spain
 2007/079 - Genetic studies of *Pepino mosaic virus* in Spain
 2007/110 - First report of *Globodera rostochiensis* in Mallorca (Balears, ES)
 2007/128 - Studies on a new disease of tomato in Spain called 'torrao' or 'cribado'
 2007/137 - Details on quarantine pests in Spain: 2006 situation
 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Spartina x townsendii

- 2007/207 - Worst invasive alien species threatening biodiversity in Europe

Sporobolus indicus

- 2007/041 - Plants newly naturalized in North-Western France (Maine-et-Loire)

Squash leaf curl virus

- 2007/057 - Virus diseases newly reported from Egypt

Squash vein yellowing virus

- 2007/192 - Squash vein yellowing virus: a new virus of cucurbits in the USA

Stephanitis takeyai

2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Stolbur phytoplasma

2007/107 - New data on quarantine pests and pests of the EPPO Alert List

Strawberry latent ringspot virus

2007/080 - New data on quarantine pests and pests of the EPPO Alert List

Strawberry pallidosis disease

2007/111 - Studies on strawberry pallidosis disease

Substitute plants

2007/083 - Participation of the nursery industry in controlling invasive alien plants: a booklet of substitute plants for southern France

2007/224 - Substitute species to garden pond plants in Scotland, United Kingdom

Switzerland

2007/040 - New data on the biology and ecology of *Pueraria lobata*

2007/129 - Situation of *Pepino mosaic potexvirus* in Switzerland

2007/130 - Situation of flavescence dorée and its vector *Scaphoideus titanus* in Switzerland

2007/184 - Noxious weeds in set-aside areas: results of a nationwide network in Switzerland

2007/185 - Impacts of *Heracleum mantegazzianum* on invaded vegetation in Germany

Synchytrium endobioticum

2007/093 - Situation of *Synchytrium endobioticum* in Turkey in 2006

2007/212 - *Synchytrium endobioticum* detected in Prince Edward Island, Canada

Syria

2007/002 - First report of *Rhynchophorus ferrugineus* in Syria

Taiwan

2007/080 - New data on quarantine pests and pests of the EPPO Alert List

2007/107 - New data on quarantine pests and pests of the EPPO Alert List

2007/187 - New data on quarantine pests and pests of the EPPO Alert List

2007/198 - Studies on pear decline in Taiwan

Tanzania

2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Taxonomy

2007/013 - Recent studies on the biology and taxonomy of *Ophelimus maskelli*

2007/031 - Molecular characterization and detection of *Peach mosaic virus*

2007/114 - Potato rough dwarf virus and Potato virus P are two distinct strains of the same virus species

2007/116 - Description of new subspecies of *Xylella fastidiosa*

Tetranychus evansi

2007/049 - First report of *Tetranychus evansi* in Crete, Greece

2007/080 - New data on quarantine pests and pests of the EPPO Alert List

Tetranychus ludeni

2007/069 - New arthropods identified in Israel

Thrips palmi

2007/028 - Survey on glasshouse thrips and tospoviruses in Hungary

Tilletia indica

2007/060 - Australian diagnostic protocol for *Tilletia indica*

2007/118 - A new PCR test to detect *Tilletia indica*

2007/187 - New data on quarantine pests and pests of the EPPO Alert List

Tinocallis ulmiparvifoliae

2007/034 - Aphid species recently reported as new introductions

Tobacco ringspot virus

- 2007/007 - Detection of *Tobacco ringspot virus* on ornamental plants in the Netherlands
 2007/187 - New data on quarantine pests and pests of the EPPO Alert List

Togo

- 2007/216 - Invasive *Bactrocera* species in Africa

Tomato apical stunt viroid

- 2007/058 - First record of *Tomato apical stunt viroid* in Senegal
 2007/115 - Further studies on *Tomato apical stunt viroid*

Tomato chlorosis virus

- 2007/077 - First report of *Tomato chlorosis virus* in Mexico
 2007/137 - Details on quarantine pests in Spain: 2006 situation

Tomato infectious chlorosis virus

- 2007/165 - New additions to the EPPO Lists
 2007/191 - First record of *Tomato infectious chlorosis virus* in Jordan

Tomato mosaic Havana virus

- 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Tomato mottle virus

- 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Tomato ringspot virus

- 2007/107 - New data on quarantine pests and pests of the EPPO Alert List

Tomato spotted wilt virus

- 2007/028 - Survey on glasshouse thrips and tospoviruses in Hungary
 2007/045 - New data on quarantine pests and pests of the EPPO Alert List
 2007/080 - New data on quarantine pests and pests of the EPPO Alert List
 2007/137 - Details on quarantine pests in Spain: 2006 situation
 2007/187 - New data on quarantine pests and pests of the EPPO Alert List
 2007/190 - First record of *Tomato spotted wilt virus* in Jordan
 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Tomato torrado virus

- 2007/128 - Studies on a new disease of tomato in Spain called 'torrao' or 'cribado'
 2007/174 - First report of Tomato torrado virus in Poland

Tomato yellow leaf curl Sardinia virus

- 2007/055 - First report of *Tomato yellow leaf curl Sardinia virus* in Greece
 2007/158 - Surveys on tomato-infecting begomoviruses and *Bemisia tabaci* in Morocco

Tomato yellow leaf curl virus

- 2007/045 - New data on quarantine pests and pests of the EPPO Alert List
 2007/078 - First report of *Tomato yellow leaf curl virus* in Tunisia
 2007/137 - Details on quarantine pests in Spain: 2006 situation
 2007/158 - Surveys on tomato-infecting begomoviruses and *Bemisia tabaci* in Morocco
 2007/173 - First record of *Tomato yellow leaf curl virus* in the Netherlands
 2007/187 - New data on quarantine pests and pests of the EPPO Alert List
 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Toxoptera citricidus

- 2007/137 - Details on quarantine pests in Spain: 2006 situation
 2007/165 - New additions to the EPPO Lists

Trachycarpus fortunei

- 2007/142 - Invasion of the palm *Trachycarpus fortunei* in Japan

Tunisia

- 2007/078 - First report of *Tomato yellow leaf curl virus* in Tunisia
- 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Turkey

- 2007/001 - First report of *Rhynchophorus ferrugineus* in Turkey
- 2007/005 - Current situation of *Ralstonia solanacearum* in Turkey
- 2007/009 - *Plum pox virus* found near Adana and İçel (Mediterranean region), Turkey
- 2007/026 - *Citrus tristeza virus* found in the Eastern Black Sea region of Turkey
- 2007/080 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/089 - Situation of *Rhynchophorus ferrugineus* in Turkey in 2006
- 2007/091 - Situation of *Ralstonia solanacearum* in Turkey in 2006
- 2007/093 - Situation of *Synchytrium endobioticum* in Turkey in 2006
- 2007/151 - *Blastopsylla occidentalis*, *Leptocybe invasa* and *Ophelimus maskelli*: three new

Uganda

- 2007/216 - Invasive *Bactrocera* species in Africa

Unaspis citri

- 2007/220 - Surveys on scale insects in the French Antilles and other Caribbean islands

United Kingdom

- 2007/082 - Horticultural codes of practice in the United Kingdom
- 2007/107 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/140 - Does temperature limit the invasion of *Impatiens glandulifera* and *Heracleum mantegazzianum* in the United Kingdom?
- 2007/141 - Removal of *Hydrocotyle ranunculoides* in England (GB)
- 2007/170 - First report of *Aculops fuchsiae* in Southern England, United Kingdom
- 2007/210 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/224 - Substitute species to garden pond plants in Scotland, United Kingdom

Uruguay

- 2007/045 - New data on quarantine pests and pests of the EPPO Alert List

US Virgin Islands

- 2007/187 - New data on quarantine pests and pests of the EPPO Alert List

USA

- 2007/018 - Movement of invasive aquatic plants through the horticultural trade: the example of Minnesota (US)
- 2007/045 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/056 - New records of *Iris yellow spot virus* in the USA
- 2007/080 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/081 - Voluntary codes of conduct in the USA
- 2007/096 - *Phytophthora foliorum* a new species causing leaf blight of azalea
- 2007/107 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/111 - Studies on strawberry pallidosis disease
- 2007/112 - Blackberry chlorotic ringspot: a new virus of *Rubus*
- 2007/113 - Blackberry yellow vein associated virus: a new virus of *Rubus*
- 2007/132 - First report of *Agrius planipennis* in Pennsylvania (US)
- 2007/135 - *Homalodisca vitripennis* (*H. coagulata*) is spreading in the Pacific
- 2007/136 - *Poliaspis cycadis*: a new cycad scale found in Florida (US)
- 2007/161 - Preventing introductions of invasive plants for horticultural purposes through voluntary initiatives in the USA
- 2007/187 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/192 - Squash vein yellowing virus: a new virus of cucurbits in the USA
- 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Verticillium dahliae

- 2007/107 - New data on quarantine pests and pests of the EPPO Alert List
- 2007/210 - New data on quarantine pests and pests of the EPPO Alert List

Vespa velutina

2007/197 - *Vespa velutina*: a new invasive alien species found in France

Xanthomonas axonopodis* pv. *dieffenbachiae

2007/032 - Nested PCR test to detect *Xanthomonas axonopodis* pv. *dieffenbachiae* in *Anthurium*

2007/052 - Incurion of *Xanthomonas axonopodis* pv. *dieffenbachiae* in Romania

2007/053 - First report of *Xanthomonas axonopodis* pv. *dieffenbachiae* in New Caledonia (FR)

Xanthomonas axonopodis* pv. *poinsettiicola

2007/107 - New data on quarantine pests and pests of the EPP0 Alert List

2007/117 - Studies on bacterial leaf spot of poinsettia in China

2007/214 - First report of *Xanthomonas axonopodis* pv. *poinsettiicola* on *Euphorbia pulcherrima* in Lombardia (IT)

Xanthomonas campestris* pv. *musacearum

2007/210 - New data on quarantine pests and pests of the EPP0 Alert List

Xanthomonas euvesicatoria

2007/080 - New data on quarantine pests and pests of the EPP0 Alert List

Xanthomonas fragariae

2007/137 - Details on quarantine pests in Spain: 2006 situation

Xanthomonas gardeneri

2007/080 - New data on quarantine pests and pests of the EPP0 Alert List

Xanthomonas oryzae* pv. *oryzae

2007/107 - New data on quarantine pests and pests of the EPP0 Alert List

Xanthomonas perforans

2007/080 - New data on quarantine pests and pests of the EPP0 Alert List

Xanthomonas vesicatoria

2007/080 - New data on quarantine pests and pests of the EPP0 Alert List

2007/210 - New data on quarantine pests and pests of the EPP0 Alert List

Xyleborinus

2007/121 - Identification key for Xyleborina beetles occurring in North America

Xyleborus

2007/121 - Identification key for Xyleborina beetles occurring in North America

Xylella fastidiosa

2007/080 - New data on quarantine pests and pests of the EPP0 Alert List

2007/116 - Description of new subspecies of *Xylella fastidiosa*

2007/187 - New data on quarantine pests and pests of the EPP0 Alert List

Xylophilus ampelinus

2007/199 - A new real-time PCR test to detect *Xylophilus ampelinus*

Xylosandrus

2007/121 - Identification key for Xyleborina beetles occurring in North America

Xylosandrus germanus

2007/210 - New data on quarantine pests and pests of the EPP0 Alert List

Yemen

2007/216 - Invasive *Bactrocera* species in Africa
